Partney Will Veto To Check GC Budget

'Must Stay in Black';
Total Now \$2,000,000,
Salaries Still Pending

(Related story on page 38)

In two meetings this week, Granite City council members built the city's 1966-67 budget to a total of \$2,072,655—nearly \$300,000 more than expended in 1965-66—and several items remain to be decided.

As the special improvement project list lengthened during Monday night's meeting, Mayor Partney told council members he would exercise his veto power.

"We're going to operate in the black this year, and we're not going to wipe out all surplus funds just because of these special projects."

He advised council members to take a close look at the city's 1965-66 income records and to remember that tax limitations will require that that income by nearly \$200,000.

No Decision on Pay Hikes
Among items pending for the budget are salary increases for city employees, a new item of \$15,220 proposed for air pollution controls and a possible added \$5000 for the election fund to provide for a special sewer vote when the city gets a federal tax grant. A special budget for operation of the sewage treatment plant also is pending.

Salaries were not discussed at Monday night's meeting nor during last night's recessed meeting. The Personnel committee is expected to submit a recommendation next Monday night. Last year, the council budgeted \$45,000 for salaries increases.

Added special improvement projects took up nearly 90 minutes of Monday night's meeting, and the additional projects total \$121,495 to boost the overall amount to \$284,500, compared to last year's special project costs of \$48,281.

New North-South Street
Among the added items were \$63,000 for new sidewalks in the North Granite area and \$10,000 to obtain options for right-of-way for a proposed new street extending along the east side of the railroad tracks from 22nd street to Pontoon road. Alderman Robertson distributed map showing the proposed routing.

Also Monday night, the council reached agreement on a \$278,651 budget for the street department, up \$12,215.

A new piece of equipment to be purchased for the department is a snorkel truck for tree trimming, estimated to cost \$16,000. A \$10,000 contingency fund also was added for the department.

Reductions
were \$7500 for engineering, \$2000 for building repairs, and an \$8000 item included in last year's hiring a sewer treatment plant engineer was eliminated.

Sidewalk repairs were increased \$6000 to \$24,000, curb repairs were increased \$2500 to total \$22,500.

At last night's recessed meeting, the council added \$20,000 for liability insurance, and approved appropriations of \$9068 for city planning, \$7781 for the city hall (down \$6831), \$3000 for a copy

Park Board May Seek New Bids For Rink, Center
New bids may be sought for the ice rink and recreation center facility of Wilton Park. The board is one possibility discussed during a meeting of the park district board last night.

Of the original bids on the structure opened May 24, Henry Ross Construction Co. was lowest at \$330,000. This was far in excess of the \$425,000 approved for the facility as approved in last year's special issue election last December.

The bond issue voted in at that time was for \$475,000, but \$50,000 of this figure is not available for actual construction as it is needed for equipment and contingencies.

Efforts have been going on to cut the construction figure to the \$425,000 limit. The board heard a report from the Gabriel & Dugger architectural firm last night.

Long List of Cuts
In a three-hour long session the board studied a list of 48 alternate features on which the architects had new estimates from the four low project bidders.

Individually, these features represent sums from \$50 up to as much as \$13,000. With these proposed cuts the new construction estimate was placed at \$459,113. This would result from:

Madison's Jubilee Festivities on Upswing

Tomorrow evening will mark another "pre-official" starting weekend for Madison's Diamond Jubilee celebration. Festivities include a caravan of 25 decorated cars to Edwardsville, a street dance and the final session of the "unjust" judge's kangaroo court.

Contentants for the Miss Diamond Jubilee Queen contest will be riding in convertibles during the caravan route to the county seat.

They are Joyce Pryor, Jeanie Sprajcar, Jo Ann Meares, Juanita Watt, Valerie Grzywacz, Kathy Goulet, Catherine Scott, Sharon Lucas, Gail Stanger, Marcella Bero and Paulette Voloski. This event will begin at 6 p.m.

At jubilee headquarters from 8 to 9, there will be a street dance for young and old. The area near headquarters, Fourth and Madison avenue, will be blocked off for all those who wish to attend. Music will be provided by a band.

At 9 p.m. there will be a half-hour interruption of the dance when final sessions of the kangaroo court are held. The dance then continues until 10:30.

Dancers in Costume
Jubilee lighting for its reserved area of dancing. Punch and

cookies will be served. This is also to be one of the several occasions for the ladies to wear their grumpy dresses and bonnets and for the men to wear their derby and old-timer suits.

Looking ahead to the July 2 parade, the general marshal Harry Johnson has reported that the Madison County Trailblazers will sponsor a parade of two-pipe cars in the animal drawn vehicles section. One-pony carts from Alton, Troy and Madison have also been added to the list of units already numbering over 100.

This Saturday, however, will be a day of "rest." But only comparatively so. Final decorations for the storefronts of Madison will still be going up. Floats will be in the process of being painted, decorated and even built in the last minute rush before the start of a busy jubilee week.

Pageant Stage Wednesday Construction of the 300-foot stage, scenery and lighting for the production of "The Madison Story" also will be taking its final steps before rehearsal times on Sunday and Monday nights. The play, which will run for five consecutive nights beginning next Wednesday, will be a mammoth outdoor theatrical spectacle with 420 local actors and actresses.

The production will be under

Treatment Plant Gets Test Run Today

Seven Workers Hired
To Begin Full Scale

Operation Next Monday

Granite City's \$1,500,000 sewage treatment plant is scheduled to get its test run today.

Mayor Partney announced during Monday night's council session that all is in readiness. He invited the council members and city officials to be at the plant at 8:30 a.m. today to view the first operation.

Full scale operation of the plant is to start next Monday. It was announced at last night's council session that the plant will be authorized the hiring of four additional employees for the plant, and three others were named to jobs for 30 days by Mayor Partney after the aldermen failed to give sufficient vote for their approval.

Will Lose Trucks
To make certain all is in readiness for the start of Monday's start-up, the mayor was authorized to lease two dump trucks with water-proof bodies to haul sludge from the treatment plant to the city dump.

The city has two such trucks on order from B. E. Hohl, Inc., but a strike at a Ford truck plant has delayed delivery for about 10 days to two weeks.

While Alderman Morrien, chairman of the Pollution committee, reported to the council last night that the mayor and the Pollution and Personnel committees had agreed upon seven workers for the treatment plant, the council was not in complete accord last night. Nine aldermen voted for the plan, but only two were sufficient to block an appointment.

Protests were raised over ages of several of the men, and personal qualifications of others were questioned.

Workers Hired, Appointed
Those hired with council approval were Thomas Kula, 52, of 2441 Delmar avenue, and Tunde Bickel, 31, of 3674 Washington avenue, a former city sanitation worker, who will drive the trucks and will receive \$300 a month.

Employed as operators were Donald Pickett, 31, of 1838 Spruce street and Claude Woodward, 43, of 715 Twenty-third place, at \$520 a month.

Appointed for 30-day jobs by Mayor Partney were William Jenkins, 54, of 2158 State street, former assistant city inspector, a laborer \$260 a month, and two operators, Albert Grieve, 60, of 2102 Washington avenue, and Martin Zep, 55, of 1223 E. Wendover road at \$520 a month.

Partney said the appointments were made after the city had contracted with Nelson Construction Co. calls for the city to be responsible for the plant once construction is completed.

QUAD-CITY

After Friday, Nameki township property owners with unpaid 1965 tax bills will be required to

submit the proposal, and he told the council not to submit any more requests to the Traffic Engineering Council.

Alderman Barsch, Fifth Ward, who earlier in the meeting had asked the committee to study the need for stop signs on Nidringhaus avenue at Poplar street, was quick to call for an ordinance to be prepared to replace the stops. He said heavy truck traffic from the canal harbor, and Army depot necessitated the signs.

Barsch went on to say he believed aldermen were better traffic engineers. "We know the problems in our ward," he said. "We're there and we see them. Those mechanical traffic counters don't tell you if the vehicle is an automobile, a truck or a bicycle."

Voting against the \$4000 budget item for traffic study was Alderman Noon, Barsch, Barsch, Dallas, Moerlein, Barsch, Poulos and Green. For it was Rutledge, Whitmer, Johnson, Thompson, Fry and Parnley. Boyd and Sternberg were in the ward.

623 Enrolled in 1st Summer School Session, Madison

A total of 623 students enrolled in the first summer school program to be conducted in the Madison school district, Supt. Wensei Brown informed the school board Tuesday night.

Parents of children needing additional instruction in various courses were informed of the program and the response was startling," he said.

In addition, 90 children are attending six Head Start classes at Blair school in cooperation with federal education and economic development programs.

Parents of children needing additional instruction in various courses were informed of the program and the response was startling," he said.

Resignations Accepted
The board accepted four resignations and employed four teachers.

Resigning were William Gushoff, Madison junior high school teacher who accepted a position at Belleville high school; Roosevelt Johnson, counselor at Blair and Dunbar schools, who accepted a position at the Southern Illinois University - Southwest campus; Robert Page, assistant basketball and assistant football coach at Madison high school, and Mrs. Janet Loeb, teacher's aide at Harris school, who plan to continue their education.

Robert Dand of Madison was hired as a shop teacher to fill a position created by the establishment of a new vocational education program in diversified metals. He holds a master's degree with a minor in shop from the University of Illinois at Urbana-Champaign.

James D. Stark of Wood River, an SIU graduate, was hired to succeed Gushoff at the junior high school. Stark is a graduate of Madison, an SIU graduate, and has taught in St. Louis, will be the fifth grade teacher at Harris school, and will be assigned as business education teacher at the high school.

Harris, Macios Are Named to School Board

Appointed to Fill Two
Vacancies as Granite
City School Directors

Vacancies on the Granite City school board were filled last night with the appointment of William L. Harris, 3136 Princeton drive, and Carl Macios, 78 Cany bridge drive, to unexpired terms.

Macios, a McDonnell Aircraft Corp. engineer, will serve until next April, when he could run for a three-year term as a rural board member.

Harris, president of Wagner Sewing & Botting Co., also will serve until next April, at which time an election will take place for the final year of a three-year urban position.

Their appointments are effective today and their first board meeting is scheduled for 7:30 p.m. next Wednesday, when business will include decisions on administrative salaries.

The board on June 13 accepted the resignations of Daniel N. Linder, an urban board member, and Robert E. Crider, a rural member. Both are moving out of the school district.

Others on the seven-member board are President, Monro E. Warren, Dr. E. W. Walton, secretary, Treasurer Ronald Dillard and George Moore sr., all residents of Granite City; and Royce Timmons, a Mitchell resident.

40 Appointments by Board
The two names were the only ones proposed by board members at last night's meeting, and both new members were appointed by a 40-vote Timmons was absent.

Harris, 45, is married and the father of three children. A world war II Army Air Corps veteran, he is the son of State Rep. Lloyd "Curly" Harris and Mrs. Ruby Wagner. He was born in Granite City.

The soft drink bottling company serves an area of 104 counties. A graduate of Granite City High School, Harris is a member of the University of Illinois with graduate study at Washington State University. He is president of the Illinois Seven-Up Franchise Association. He formerly was in YMCA work and at one time was a member of the Amesbury Social Franchises personnel department.

Harris is active in the Granite City Optimist club, Tri-Cities Chamber of Commerce, Illinois and American Bottlers of Carbonated Beverages and St. Bartholomew's Episcopal Church.

Macios, 31, a native Granite Cityan, is married and the father of four children. He is married to a resident of St. Elizabeth's Hospital. He is a member of the American Legion and the American Legion Post 1234.

A Granite City high school graduate, he attended the Missouri School of Mines, Rolla, and has been a local baseball and softball player. He is a member of St. Elizabeth Catholic Church.

Macios served in the U.S. Navy, Coast Guard and Coast Guard Reserve. Most of last night's two-hour board meeting was devoted to discussion of a package insurance program including fire and extended coverage, boiler insurance, musical instruments, equipment, automobile, physical damage and liability, comprehensive liability, blanket employees

Bailey Renamed Madison County EOC President

James M. Bailey, assistant principal of Alton high school, was re-elected president of the Madison County Economic Opportunity Commission, at the organization's annual meeting held Monday evening, at the Lewis and Clark restaurant, East Alton.

Principal speaker was A. M. Simpson, field director of the Great Lakes Regional Office of Economic Opportunity, Chicago.

Other officers named for 1966-67, include Mrs. Fern Hornberger, Granite City, first vice-president; Hugh Harrison, Venice, second vice-president; Don, Timothy Fink, Edwardsville, treasurer; Mrs. Virginia Korinek, Collinsville, recording secretary; Mrs. Louise Parker, Alton, corresponding secretary.

Approximately 150 persons attended the dinner. Many represented various contributing agencies to the county's anti-poverty program, together with several superintendents of local school systems.

Special guests introduced were Harold Landolt, chairman of the Madison county board of supervisors; John Crawley, Alton-Wood River United Fund chairman of the Madison county board of supervisors; John Crawley, Alton-Wood River United Fund chairman; and Magistrate Joseph J. Kelleher Jr., who serves as legal advisor to the commission.

County-Wide Programs

The regional EEO official commended the county group for successful implementation of several programs, including "Project Head Start," now in its second year; a Neighborhood Youth Corps summer project; and the program development survey now underway.

Other programs currently under review in Washington, D. C., include civil legal aid services child development centers, on-the-job training and conduct administration. Additional projects presently being considered by the county commission involve small business centers, outpatient clinics and community facilities.

Total cost of the county EOC programs now in progress amounts to \$265,844, while those reviewed at the federal level will exceed \$467,000, Simpson explained.

The appointment Victor Darnell of Edwardsville, formerly of Granite City, as the new assistant county director, responsible for the Alton-Wood River area, was announced. He was to Matthews, Collinsville, Southern Walker, previously a local YMCA official, serves as assistant director for the Quad-Cities and Collinsville area, with offices located in the Venice city hall.

Commission Directors

Directors elected to the commission and the agencies or groups they represent, include: Mrs. Arthur "Cooper" Moore, Madison, Venice township supervisor; Magistrate Kelleher, Edwardsville; J. A. Gardner, Venice, Tri-City Economic Opportunity Council.

Local EOC Worker Council Flareup over 'Power' Resolution Gets Reprimand For Political Chore

Commenting yesterday on a reprimand for "participation in partisan politics" issued to Mrs. Ruby Williams, a clerk-typist in the Tri-Cities Office of Economic Opportunity, Venice, Maurice S. Harris, executive director of the Madison County Economic Opportunity Commission, said his decision to admonish the employee was based on "policies which are consistent with the program."

Mrs. Williams, who lives at 321 Weaver street, Madison, challenged voters in last week's primary election at the request of James "Mac" Riddle, who was endorsed for committeeman in Venice Township Precinct 11 by the Venice-Madison political machine. Riddle defeated Tony Echols, 168 votes to 155.

Director Harris said his decision to issue a stern reprimand by letter was supported by Madison County EOC President, James M. Bailey of Alton.

Although employees of the commission are not yet regulated by the Hatch Act, which prohibits government employees from active political participation, Director Harris had this comment:

"The tax money being used in the economic opportunity program belongs to all the people. As such, I firmly believe it must be administered under the same safeguards as other governmental agencies."

In his letter to Mrs. Williams, Harris warned that if she again participated as a challenger for any partisan political group, she may be fired. The anti-poverty director said one of his chief concerns has been to keep politics out of the Madison county anti-poverty program.

Harris said in his letter, "It has come to my attention that you have been participating in partisan politics. I would like to point out to you that this can-

not be tolerated under any circumstances. I do not deny you the right to participate as a voter. This is a part of your responsibility as a citizen."

"However, working as a challenger while employed by the Madison county EOC is prohibited, and any further violations of this prohibition will be grounds for automatic termination of your employment."

Mrs. Williams has stated that she was not paid by Riddle or anyone else to challenge voters. Venice Township Precinct 11 voting place is listed at the Henry Fletcher residence, 1000 Calhoun street, Venice.

Three Battery Charges

O. Lavron Taylor, 17, of 2903 Kirkpatrick Homes, and William Miles, 19, of 2814 Grand avenue, were charged with battery Tuesday on complaints filed by Kenneth Friedman and Thomas and Michael Vasiloff, who said they were assaulted by the pair late Monday night. The defendants were released on cash bail of \$30 each pending hearings.

Difference of Opinions

The resolution was submitted several weeks ago by Alderman Moerlein, chairman of the Special Pollution committee. Council action at that time was deferred, but not until the council had voted to override Mayor Partney's out-of-order ruling.

When the resolution was reintroduced Monday night, Mayor Partney noted the council's power-grab bid was not on the pre-

pared agenda. Alderman Nomm remarked that an ordinance committee chairman, he could submit it. He added that if necessary, he would call for a council vote to support his stand.

The resolution was read without further protest, and was then questioned by Alderman Whitmer. It had been prepared for Moerlein by a lawyer at the attorney's office instead of the city attorney.

Difference of Opinions

Moerlein said the resolution would not change the duties of any other committees; but Whitmer commented, "It looks like infringement on the Personnel committee on hiring."

Mayor Partney added that state law provides for the mayor of a city to name committees, and he patted a volume of state laws on his desk for emphasis.

The proposed resolution, which was approved for first reading by a vote of 10-4, calls for three aldermen to be named by the board of aldermen to serve as the Committee on Sewage Treatment Facilities, and for the council to designate a chairman.

It provides for the mayor, controller, treatment plant superintendent and consulting engineer to serve as ex-officio members.

Duties of the committee would be to hire, with council approval, all new employees for the treatment plant and to recommend to the council the purchases of supplies and equipment. Also specified is that any action by the committee involving personnel at the plant or an expenditure of money must be approved by a majority of the council members.

Critical of Appointments

Moerlein commented that when Partney appointed new committees last month, he didn't appoint a Special Pollution committee.

Starch Dryer Burns At Refining Plant

Firemen were called to Union Starch & Refining Co. at 6:10 p.m. Monday as a starch dryer became overheated and burned damage was caused.

Amount of loss was not reported, and the equipment was pushed cleaned and returned to operating equipped for working wonders.

condition. Firemen were at the scene 2½ hours.

Another alarm at 4:10 p.m. Monday sent firemen to a vacant house at 2110 Ohio avenue, owned by Thomas Austin, where a fire broke out and a 1965 auto parked across the street. He said he chased the vandals several blocks and described as being about 20 years old and wearing black trousers and no shirt.

Council, Magistrate Agree On Offices in City Hall

(Related item on Page 4)

An agreement was reached following Monday night's council session in a dispute over use of city hall office space by the magistrate court and the city treasurer's tax department.

Alderman Bartoski, chairman of the City Building committee, told council members at last night's recessed session that Treasurer E. R. Rich has agreed to use a third floor room provided the quarters are air-conditioned. He had been stationing his staff in the former council room of the second floor that also is used for the magistrate's courtroom.

Heavy tax books are to be taken care of for the staff of

four women who will be posting tax payments through August. Bartoski said that while there had been a threat of moving the magistrate court out of Granite City unless adequate quarters were provided, he met with Rich and representatives of the court on Tuesday, and the settlement was reached within a short time.

"Why the magistrate (Merlin Hiscott) even agreed to pay for the air conditioner for the upstairs office," Bartoski told the council.

Council members said it is the city's responsibility to equip the city hall and accepted a price of \$221 submitted by Tri-City Radio Co. for an air-conditioning unit which was installed today.

Migratory Worker Housing

A program to keep Illinois from losing its migratory workers to other midwestern states was announced by Gov. Otto Kerner.

The governor disclosed that, for the first time in Illinois history, a cooperative effort by state, federal and local groups, including the state's agricultural interests, has produced a program to provide new, not-for-profit housing for the migratory workers.

A task force designated by the governor to mobilize available resources is headed by Richard E. Blaikley, managing director of the Illinois State Housing Board, and includes specialists from the Illinois Department of Agriculture, Public Health and Agriculture.

The project has already begun. Two housing complexes will be built in Union county to serve both Union and Jackson county growers, according to Blaikley.

Safety-Check Program
Forty-five per cent have been rejected.

That is the record to date of the voluntary Vehicle Safety Check program in operation in 53 Illinois communities this spring and summer.

The figures were released jointly by Gov. Kerner and Secretary of State Paul Powell, chairman and vice-chairman, respectively, of the Governor's Official Traffic Safety Coordinating Committee, state sponsor of the program.

Nationally, the program is sponsored by the Auto Industries Highway Safety Committee of Washington, D. C. It will continue in Illinois through the Illinois State Fair Aug. 12 through 21.

Uniformed automobile investigators of the Secretary of State's Office are conducting the tests using specially designed test lanes donated by Bear Manufacturing Co. of Rock Island and Weaver Division of Dura Corp. of Springfield.

Investigators to date have checked 4645 cars in 14 Illinois cities. Of these, 2108 were found defective in at least one safety aspect.

Rock 'N Roll Combo Contest
Rock 'N Roll Combo contest from all over the state will vie for a grand prize of \$500 at the Illinois State Fair this year. Deadline for entries is July 1.

Two winners will be selected on each of the first nine days of the fair to compete in the "playoffs" the last day. Judging will be based on overall appearance, coordination of group, and, as a whole, total impact of presentation and audience appeal by popular vote.

Each group is limited to seven members who are no more than 25 years of age.

Requests for entry blanks should be sent to Young America Fair, c/o Illinois State Fair, P.O. Box 576, Springfield, Ill. No entry fee is required and free entrance tickets to both the fairgrounds and the Young America Fair will be sent contestants.

Scouts at Fair

Boy and Girl Scouts, representing over 300,000 Scouts in Illinois, have been invited by Gov. Kerner to attend the Illinois State Fair and set up their displays and camp on the grounds. Scout units will provide action displays of cooking, camping, scouting, community service, first aid, Cub Scouting, hiking, Indian lore and other Scouting activities and skills.

The American Indian Center of Chicago will set up an Indian village at the fair alongside the Scout village. There will be a powwow and Indian exposition. The center represents Chicago's 10,000-plus American Indians.

Information concerning the Scouting activity can be obtained from the Scout Village Committee, Illinois State Fair, P.O. Box 576, Springfield, Illinois 62705.

Two Charges Removed

Charges of battery and criminal trespass against a 21-year-old man, 2238 Missouri avenue, were removed from the docket with leave to re-arrest. The charges were filed by the city's magistrate's court. The complaints were signed May 2 by Margaret A. Timsky.

FACING A JUBILEE CHARGE of improper attire is William Skinner of Madison. Reading the charge is the "kangaroo court" judge, Jerry Maeras (seated), while jubilee policeman Ronald Gushleff secures the defendants. Behind the judge is "court clerk" Richard Niehaus. The "arrest" was part of the activities leading up to the June 28-July 3 celebration of the 75th anniversary of Madison.

Burt Lancaster Performed In Madison Golden Jubilee

Preparations for Madison's 75th jubilee celebration Dusan Gagich, who Lancaster has produced a rash of movies, vited to join the troupe on the jubilee area residents. Some carnival circuit.

Reflect back to the community's 50th anniversary in 1940, when frowned on the suggestion, Conkovich, a small-time circus acrobat, has speculated since that time that "Burt Lancaster" was the local policeman's eventual among the entertainers hired for career, if he had the former the five-day celebration.

According to Steve Conkovich, 2802 Dogwood drive, the now-famous movie star-director and his partner, Nick Cravat, presented an excellent acrobatic routine.

Cravat in later years, also went to Hollywood, performing with Lancaster in colorful adventure films. He was best-known for his role as "Jespe," the deaf mute in Lancaster's "Count of Monte Cristo" period of film-making.

Conkovich, who was a member of the 50th anniversary arrangement committee, relates that the two actors would sit around talking at Schuler's Drug store with where he will serve on a 30-day trial basis.

Area Marines Complete Basic Combat Training

Three Granite City residents, Pvt. Jerry R. Ridge, son of Mr. and Mrs. George Ridge of 15 Terrace lane, Pic. William R. Baldwin Jr., son of Mr. and Mrs. William Baldwin Jr. of 2353 Lynch avenue, and Pvt. Robert L. Knobloch, son of Mr. and Mrs. Arthur W. Knobloch of 3003 Myrtle avenue, have completed individual Marine combat training at Camp Pendleton, Calif.

The four-week course included over 200 hours of instruction under simulated combat conditions, covering squad tactics, guerrilla warfare, day and night combat, patrolling and use of infantry weapons. Next stop will be four weeks of basic training in their military occupational field.

Madisonian on Carrier

Boatswain's Mate Richard L. Whitehead, USN, son of Mr. and Mrs. Homer L. Whitehead of 1021 Grand avenue, Madison, is serving aboard the anti-submarine warfare carrier USS Wasp, which recovered the Gemini 9 space vehicle and astronauts in the western Atlantic.

Harris, Kennedy Gain, Vote Canvass Shows

The canvass of last week's primary vote was completed yesterday in Edwardsville and Granite City's Lloyd "Curly" Harris and Alton's Leland J. Kennedy, nominated state representatives for the 85th district showed gains of 2204 and 165 votes on the final and official Democratic ballot.

The canvass made no material changes in results.

Harris' official total is now set at 22,379, while Kennedy's votes are final at 22,483. Sam P. Drenovac of Mitchell, a third candidate, gained 229 votes on the ticket, totaling 7604.

George Musso, backed strongly by the Quad-Cities for the Democratic nomination as county sheriff, showed an 8574 vote margin over his nearest competitor, Frank Harris, Musso, who carried 23 of the 54 precincts in Granite City, Chouteau, Venice and Namsok townsships, showed final results of 14,793 to 6218 for Harris. Louis Bowman finished with 4526.

Stephen B. Kennedy, Alton, edged out John Maeras of Madison for the Democratic nomination as county treasurer. Kennedy, who had heavy following from hometown precincts, received 11,331 official votes. This member of the county board of supervisors won a close battle by 494 votes from Maeras, whose final tabulation of 10,837 was 49 votes more than previously recorded.

Peter Percia, also of Alton, placed third with 1861.

Despite the fact that Madison's Venice gave its all-out support to Russell Shaver, renomination for incumbent county school superintendent, Wilbur R. J. Trimepe gained 70 official votes on the final ballot count. Results show Trimepe winning by a 2386 margin 13,037 to 11,669.

Recruit Training Done For Marine Osborn
Marine Pvt. James O. Osborn, son of Mr. and Mrs. Robert L. Osborn, Madison, was graduated from recruit training at the Marine Corps depot in San Diego, Calif.

He will undergo four weeks each of individual combat training and basic specialist training before being assigned to a permanent unit.

Hearts Host Twinbill; Mercers Go to Mitchell

Doubleheaders make their first appearance in this Sunday's Inter-City League schedule.

Two early season washouts are being made up. Troy will face Hearts-Liberty Home in a 1 p.m. twin affair at Wilson Park, and Collinsville plays two at East Alton.

Ed Opick's charges will be the "visiting" team in the Sunday opener with the Red Division cinderella, Troy. It will be a busy weekend for the Hearts; they travel to Washington, Mo., tomorrow for a game with the Washington Buds at 8 p.m.

Mitchell A.C. is also at home this weekend, entertaining Mercer Furnace Home in a 2:30 p.m. game behind Mitchell school. The teams met before in the same setting May 22, with Don Crabtree's crew coming away a 4-3 winner.

Still at 500 Mitchell will try to give unbeaten Mercer its first loss. But the only "weakness" Mercer evidences is the temporary loss of Charles "Jo Jo" Johannigmeier, out with a strained ankle.

If Mitchell can't beat the invincible Blue Division paces Sunday, they can try again the following week—the two teams will meet once again, at Wilson Park, on July 3.

In other action Sunday, in addition to the Collinsville-East Alton twinbill, East St. Louis Harper travels to Pocahontas and Maryville is at East St. Union.

Mathews Pulls 6-5 Contest Out of Fire

Mathews, behind four runs as late as the fourth and trailing the Merchants all the way into extra innings, pulled out a 6-5 win on Bob Stegmeyer's ninth-inning home in Classic League game at Wilson Park Tuesday night. Norm and Kenny Mitchell homered for the Merchants.

Rocky Doss's triple and doubles by Satch Page and Ron Reiss aided Kitchner in nothing his first victory, a 6-3 win over Granite City Steel Credit Union in another Classic League game.

John Draper tripled for Credit and Maryville is at East St. Union.

Dupo Swim Event for Paddlers

Seeking their 34th overall dual meet victory against four defeats, Paddlers' 1966 competitive swim team will contest the Hilltoppers Swim Club of Dupo in a non-conference meet starting at 5 p.m. today at the local pool.

In previous season, Paddlers swimmers sustained all four of their losses at the hands of the strong Summersport team of Alton.

Team Coach Keith Parker said today that diving contests will get underway at 5 p.m., with individual and relay swimming events to begin at 6 p.m. sharp.

He added that the Hilltoppers Club, now in its second year of competition in the Southwestern Illinois Swimming Association, is expected to show considerable improvement over 1965, as most team members have been involved in a winter swimming program.

At 6 p.m. Monday, the local team will take on the Scott Air Force Base swim squad, usually a tough opponent, Parker said. The meet at Scott also will be non-conference.

IN QUIET VALLEY

the downstate fisherman

by pete brown

Southern Illinois fishing is following the usual summertime pattern of good one day, off the next, according to the consensus of reports from various dock operators and fishermen.

For example, Nick Masters of Carbondale caught the limit of bass two days running at Crab Orchard Lake, including two 5-pounders. On the next two days, fishing the same waters, he failed to produce a strike.

Warmer water temperatures and an abundance of natural food are blamed for the seasonal decline, according to William M. Lewis, director of the Fisheries Cooperative Research Laboratory at Southern Illinois University.

While sport fishermen have to work harder and longer, meat fishermen can take heart. Catfish, particularly the channel catfish which have been stocked in many downstate lakes, are ready and waiting.

Best fish story of the week comes from Cairo where 11-year-old Debbie Verbie, daughter of Ray Taylor of Carbondale, four, and Dianne Tuttle of Cairo caught a 3-pounder on a minnow. Ray McNeil of Johnston City caught 30 bluegill on worms.

unofficial temperature on downtown thermometers registering in the 90s. Hundreds of youngsters flocked to the pool Tuesday and yesterday.

Zips Win 15-14 in Wilson Park Games

Richie Timko's 4-for-4 hitting led Zips to a 15-14 win over the incentives in Wilson Park Class B softball Monday night.

Timko's single, Harold Pinkley's double and hits by Jim Stephens and Don Lesko figured in a three-run sixth-inning rally that won the game. John Allen and Don Kallmeyer homered for the incentives.

Paced by Dave Murphy's pair of singles and doubles, Local 16 won 8-3 over Jacobymeyer in 35 & Over slow pitch competition. Stan Serwacka had a double and single for Jacobymeyer.

Winning by an identical 8-3 margin was Tony & Joe's over VFW. Nick Bogovich homered to lead the winners' 11-hit attack while Dick Yates had two hits for the losers and Lloyd Edwards a VFW double.

Leonard Revelle, with 3-for-4, and Bob Jordan, with two hits, led Tratter's to a 13-7 win over Roca in the High School League. Chris Patton and Tom Hewlett homered for Roca.

35 Going to Alton Jaycee Sectionals

Approximately 35 first-place winners from Granite City Jaycee softball teams will compete in preliminary held here May 28.

The winners from the preliminary will be traveling to Alton Saturday for the Jaycee sectional tourney. Winners from this competition will advance into the state finals to be held here Aug. 4, 5 and 6.

Eighteen field and 23 track events are scheduled for the meet at West Junior high school's athletic field. Youngsters will compete in three age brackets: Middlets 10-11, Juniors 12-13 and Intermediates 14-15.

The young athletes will board the Jaycees' bus at the Bellemeier shopping center at 7:15 a.m. Saturday. Events in three age brackets will commence in Alton at 9 a.m. Lunch will be provided by the Jaycees, and contestants are asked to wear the Jaycee tee shirts presented to them May 28.

Mitchell Opener Rough

Manager Eunice Winfield's Mitchell A.C. girls' softball team suffered an embarrassing 10-0 defeat in the Macquinn-Jersey-Madison girls' fast-pitch league action Monday night at Mitchell. Facing an East Alton team that had been playing together as a unit for four years, the newly organized Mitchell team lost 25-1.

Nat'l. Champs Here in July 3 Cycle Races

Motorcycle racing fans will see a program at Tri-City Speedway involving about 100 contestants July 2.

There will be two heats in each classification, and each heat will have a 2 p.m. time trial for the big day of motorcycle racing are scheduled for 1 p.m. The events get underway at 2 p.m.

Several national champions, including Roger Reiman of Keokuk, Ill., are expected to be in the field. Reiman is the current grand national champion.

Eight Games on First Day

Slow Pitch Softball Regional Opens Sun.

Eight games will be played Sunday at Wilson Park as the American Softball Association slow-pitch softball regional gets underway. This is the fourth year it has been held here, and 13 teams are entered.

Sunday's competition will be the winners' bracket pairings. There are five first-round games and three quarterfinals. A fourth quarterfinal contest, two semifinal matches and the first of five lower-bracket games will be played Sunday, July 10.

First-round games and times this Sunday are: Game 1—Local 30 vs. Community Heights Reds, 1 p.m.; Game 2—Buz's vs. Zips, 2 p.m.; Game 3—Club Delmar vs. Keith's Lounge, 3 p.m.; Game 4—Valmeyer vs. Merchants, 4 p.m.; Game 5—Sammy's vs. Rozycki Realty, 6 p.m.

Post 113 Finally Kayoed Off Streak

Tri-City Legion Post 113 had to eventually see its winning streak end and Dupo ended it last night at Wilson Park by winning 3-0. The streak had reached six games.

Each team collected four hits. Scoring two unearned runs in addition to a homer, Dupo managed to keep down any Post 113 threats.

An error, walk and two wild pitches in the fourth let in one run, after the third-inning homer. Two singles and an error resulted in a fifth-inning tally.

Post 113 is now 11-2 overall and 8-2 in 22nd District league action. It plays at Maryville 6 p.m. Saturday and hosts Highland at Wilson Park Sunday at 6 p.m.

At Glen Carbon Tuesday night, Tri-City managed a six-hit attack led by Harold Vick's pair of doubles, with Tony Gregus and Mike Shea m.b.r. allowing only one hit, a badoch scratch single to catcher Al Ricker.

Tri-City scored in the third when Vick got one of his doubles and came in on Greg Patton's single. Each team had a trio of bobbles in the game.

Jim Rainis, although firing

slightly, went all the way in Monday night's 8-5 win over Silberman Real Estate at East St. Louis.

A base on balls and three singles let in a trio of runs for Silberman in the fifth. Another run in the sixth and seventh frames came as a result of triples, but Post 113 was too far ahead.

A triple by Collins, Patton's single, Ripka's double and Hoffman's homer got Tri-City off to a four-run lead in the games. Collins, Ripka and Hoffman each had two hits in the affair with Hoffman homering twice and driving in four runs.

In an Open Class B game, the Eagles, with Elmer Farrell, Burt Simpson and Jerry Walker smacking triples, went on to take the Bellmore Tiler PFC's 10-8. Lee Mirkos homered for the PFC's.

Boosters May Add Westling Films
Granite City's Warrior wrestlers may see themselves on a movie film this year for the first time. The subject of a long wrestling to the series of basketball and football movies was discussed at the Boosters of the Fighting Warriors meeting Monday night at the Knights of Columbus Hall.

The Boosters will hold their next meeting Sept. 12 at the Knights' hall.

Girls' Team Piles Up Total of 56 Runs

Julie Baugh, with four homers, Rosemary Perkins, with another pair, and Vonnice Peppers and Lois Bean, with home runs, led the way to a 56-run total in blitzkrieged Sebold Concrete 56-3 girls' softball at Wilson Park last night.

Carol Wilson homered for the losers, who made 15 errors.

RELIC OF DAYS gone by is giant 225-ton steam engine which has been set up in Fairview Park at Centralia, Ill., as a fitting memorial in that railroad town. After running nearly a million

miles, the locomotive was presented to the city by the Illinois Central railroad, and is now one of Illinois' must-see attractions.

'Old 2500' Fitting Monument to Railroad Age of Steam

A tourist's first intimation that Centralia, Ill., has something unique, is the sight of a giant steam locomotive along highway 177, reading: "Steam Locomotive 500 Yaris ahead of the depot."

The locomotive in question is permanently mounted in Fairview Park, fronting Highway 177 on the west side of Centralia. No. 2500, a giant steam mogul that once pulled some of the crack passenger trains on the Illinois Central Railroad before the advent of the diesel.

The locomotive in question is permanently mounted in Fairview Park, fronting Highway 177 on the west side of Centralia. No. 2500, a giant steam mogul that once pulled some of the crack passenger trains on the Illinois Central Railroad before the advent of the diesel.

Today, children and adults alike, mount the catwalk, and sit momentarily behind the throttle. A caretaker is the grounds to explain the mechanism.

Fairview Park is a big playground, replete with swimming pool, ball diamonds, swings and slides for the kiddies—but the biggest attraction is that gleaming locomotive that will keep alive the magic age of steam.

Engine No. 2500 is just one of the exciting points of interest in Illinois Expedition Land that you must be sure to visit this summer.

St. Louis Hit Twice On Head with Hammer
Madison police plan today to file an aggravated battery charge against an East St. Louisian who reportedly struck a St. Louisan on the head early today in the 600 block of Third street.

The injured man, Spencer Hughes, 22, named his assailant. He told police his attacker was a relative.

Hughes, who was given emergency treatment at St. Elizabeth Hospital, said he was getting out of his auto when the attack occurred. An unidentified man held him while he was struck twice with a hammer. Police were told the attack occurred at a family dispute.

Vernon Lucas Benefit Game

Inter-City All-Stars Defeat St. Louis Team

Last night's Vernon Lucas Benefit All-Star game at Collinsville was definitely not one for pitchers. The Southwestern Illinois Inter-City League defeated the St. Louis County All-Star opponents by a 14-8 score with a minimum of hits but a maximum of power.

Jesus Young (Collinsville) put in a three-hit, six-run inning after gaining a 5-0 tie in the first. Schmitt, Bill Eckert (Troy) and Dave Rommelschneider (Pocahontas) had the only errors.

St. Louis County scored three runs on three hits, including the homer, in the final two innings.

The visitors scored two runs in the fourth inning, but the All-Stars got the game back during the same stanza when Wayne Crosson (Collinsville) scored after being singled around the bases.

Erosion, Drainage Problems
Erosion control, drainage and fertility are the major problems in conserving and improving Madison county soils.

The poorly drained soils vary in subsoil permeability in drainage requirements. Older, less permeable soils occur in the eastern part of the county. Some very slowly permeable soils also occur in the bottomland area in the western part of the county. Tile function well in soils with permeable subsoils, but shallow surface ditches are more practical on soils with tight subsoils. Most land in Madison county is not adapted to tile drainage, only on land with less than 2% slope.

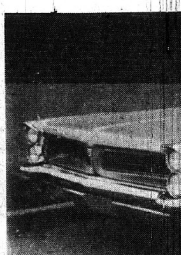

chiefly because of impervious subsoil. Sloping soils in Madison county are subject to erosion. Strongly sloping and steep areas of the county are best used for pasture and woodland and they contain many good sites for parks or for home development.

Cultivated crops can be grown successfully on moderately sloping soils if soil conserving practices are used. From 1939 to 1944 farmers in the Madison county area realized an additional \$6.88 per acre each year by using good soil conserving practices. Although the use of such practices cost them about 76 cents an acre each year, their total operating costs were similar to those of farmers who did not use soil conserving practices.

About two-thirds of the crop land in Madison county is too sloping for growing continuous row crops without serious soil erosion losses. Row crops can be grown continuously on land with less than 2% slope. Only 20 to 25% of crop land in the county has a slope of less than 2%. Many farmers have some very level land and some sloping, and some of them grow continuous row crops on the level area and small grains and hay on the more sloping land. Erosion control is the important factor in Madison county in deciding whether to grow continuous corn.

The time requirements and phosphorus and potassium needs of Madison county soils vary with age or degree of weathering, climate, and vegetation. Soils developed under timber vegetation tend to be more acid and lower in phosphorus and potassium than comparable soils developed under grasses. Older soils in eastern Madison county are acid and lower in phosphorus and potassium in both surface and subsoil horizons than the younger soils near the river bluffs. Bottomland soils in the upland area of the county are generally slightly acid, medium to low in phosphorus and medium in potassium, while those on the terraces adjacent to the Mississippi River bluffs in the Mississippi River valley are fertile. The soils are variable in fertilizer needs.

The soils of Madison county respond to treatment, and profitable returns can be obtained from carefully planned treatment based on soil tests. The soils respond well to additions of crop residues or barnyard manure, with lime, potassium, and phosphorus. Additions of residues, manure, or green manure (legume) crops help to supply nitrogen, as does the application of supplemental nitrogen in the form of chemical fertilizers. The soils associated with the older grassland soils in eastern Madison county are pick-spot soils which contain excess sodium. Crop yields on these soils are usually low, improved drainage, treatment with organic residues such as barnyard manure or straw, and application of fertilizers, especially potash, usually increase yields.

MORE ABOUT
623 Enrolled

was held as the teacher aide at Harris.

A replacement for Page is to be announced later, Brown reported.

Brown said faculty vacancies exist for the second grade at Blair school and for girls' physical education at the junior high school.

Student Insurance
The board selected the Continental Insurance Companies, with John Moll of Bethalto as agent, for student insurance for the next school year.

Rates will be \$2.50 per year.

Granite City PRESS-RECORD
Page 10 Thurs., June 23, 1966

for kindergarten through grade six, \$2.50 for seventh through ninth grades and \$4 for 10th through 12 grades.

Brown said the policies will be in force for 12 months of the year and will include summer school.

Hot Lunch Program
The charge for the hot lunch program was raised from 30 to 35 cents per plate for first through third grade pupils, and the cost of ala carte items will be increased five cents, the board decided. The cost per plate for other students will remain at 35 cents.

Brown noted that there had been no price increase in 14 years and that a raise is necessary if the district is to break even financially on cafeteria operations.

He said the cafeterias operated at a loss of about \$3800 last year, due primarily to the failure of the federal government to make full contracted lunch and milk payments and to provide the amounts of surplus commodities previously received.

A summary for the last school year showed a total of 171,898 plates served for a daily average of 976.

Youth Work Corps
Another report showed that 14 students are working in the district during the summer under the youth work corps program of the Madison County Economic Opportunities Commission.

Brown said eight boys and six girls are assisting custodians and clerks, working between 9 a.m. and 3:30 p.m. daily and earning \$37.50 per week. The wages are paid by the federal government.

In other actions the board: Approved requests of the Madison jubilee committee for use of high school facilities and for the Harris school yard for a teenage dance next Tuesday night.

Employed C. J. Schlosser & Co. of Alton to audit federal funds used in Title I of the Elementary and Secondary Education Act at a maximum fee of \$325.

Tentative Budget
Authorized the superintendent to prepare the tentative budget and appropriation ordinance for the 1966-67 school year for action at the July 19 meeting and final adoption at the Aug. 23 meeting.

Authorized a call for fuel bids.

Accepted a monthly report of Treasurer Ray Kozielek showing cash balances of \$207,275 in the educational fund, \$7966 in the lunch fund, \$40,446 in the 1966 building fund, \$15,892 in the building fund and \$16,745 in the bonds and interest fund for a total of \$288,057.

Approved educational salaries for May of \$88,050. Projected salaries of \$3267 and withholding deductions of \$18,403 for a total of \$38,463; school lunch salaries of \$2522, plus withholding of \$1404 for a total of \$4226; and May bills of \$13,880 from the education fund, \$6973 from the building fund, \$57,645 from the 1966 building bond fund, \$3806 from the lunch fund and \$18,136 from the bonds and interest fund.

Ticketed for Speeding
Rebecca A. Ozanich, 2558 Spalding avenue, was arrested on a speeding charge at Maryville and Pontoon roads Monday. She was summoned for a hearing by Tuesday.

Protestant Welfare Aids 154 Persons
The June meeting of the Protestant Welfare Association was held Tuesday evening at Suburban Baptist Church.

Mrs. Marie Whittle, office secretary reported that 38 cases involving 154 persons were handled during May. Expenditures for food were \$388; rent, \$36; medical, \$15; shoes and clothing, \$22; making a total of \$443. Other articles were distributed from the store room, amounting to \$221.

The speaker was James S. Bailey, of Alton, president of the Madison County Economic Opportunity Commission.

Devotions were led by the pastor of the host church, Rev. John DiGiorgio.

Two Stop Sign Charges
Max P. Clineard, 3006 Nameoki road, and Eleanor A. Gibson, 2334 Grand avenue, were arrested Tuesday night at East 23rd street and Nameoki road on stop sign violation charges. They were summoned for hearings by next Thursday.

Select Name for Son
Paul Dean is the name selected by Mr. and Mrs. Paul Wilson, 2111 Lincoln avenue, for their son born June 18 at St. Elizabeth Hospital.

Keith Stanford, and Roy Lynn, president, was in charge.

Plans were made for the next meeting at the Good Shepherd by the EUB Church. The closing prayer was by Rev. John DiGiorgio.

\$258,477 Addition To Foundry Boosts Building for Week
Construction of an addition to the chipping and finishing building at American Steel Foundry to cost \$258,477, was listed among 16 new building permits issued in Granite City, a week's compilation of permits shows.

The total value of new projects for the week was \$327,327 and boosted totals for the first half of the month to 44 permits amounting to \$477,950. In May, 36 permits had values of \$740,665.

The new foundry addition is to be constructed by the G. H. Stenberg Co.

Tri-City Grocery Co. obtained a permit for a 50x130-foot foundation for a pre-fabricated freezer structure at 16th and State streets. The foundation is to cost \$30,000. The S. M. Wilson Co. is the contractor.

Southwestern Bell Telephone Co. received a permit to remodel its office building at 21st street and Edison avenue at a cost of \$12,000, with the L. Wolf Co. doing the work, and Charles Blanton, 1302 Edwardsville road, received a permit to remodel an auto body shop for \$500.

A permit for a five-room brick home at a cost of \$15,000 was issued to Robert Kelly, 2619 Sunset drive.

Permits for remodeling and repairs were issued to Grace Rapp, 3521 Johnson road, remodeling and repairs, \$1000; Bertha McCullough, 2672 Edwards street, remodel roof, \$1500; and Edward Murphy, 2412 Lincoln avenue, install aluminum siding, \$1500.

Permits for other purposes were obtained by Pete Hammond, 2303 Woodlawn avenue, garage, \$1100; John Huff, 3261 Edgewood drive, carport, \$900; Joe Rudnicki, 1307 Rhodes street, raise old shed and replace metal shed, \$200; Robert Moske, 2594 Boyle avenue, patio roof, \$500; and David Gibson, 3459 Delmar avenue, raise old shed, \$100.

GC Man Fined, Jailed
Woodrow Tinker, 49, of 2208 Cleveland blvd., was fined \$50 and costs and sentenced to seven days in jail on a charge of driving without a license and \$10 and costs on a stop sign charge Monday in magistrate's court.

Treatment Plant

charged 90 cents a month for the treatment plant construction and operation, are to get their first bills in August.

The billing will be on a quarterly basis (\$2.70) retroactive, since the council forgot that the billing was to have started last January to make proper payments for the revenue bond issue of \$1,225,000.

Alderman Moerlen was given permission Monday to visit an office supply firm in St. Louis to get cut-rate prices on furnishings for the treatment plant office. He said the furnishings could be bought at 40% to 60% of original cost.

He submitted a list of items last night totaling \$312.

He also reported the Department of Interior is reconsidering its rejection of a grant of federal tax funds toward the purchase of two water-tight dump trucks to haul sludge from the plant inside the Army Depot to the city dump.

Crit containers must be bought for the plant, since they were not provided in the original plans, Moerlen said. He explained they will be steel drums.

Financial Report
The alderman also presented the May financial report for the treatment plant, which shows a balance of \$235,519 in the special fund.

Costs to date include \$1,127,490 for construction; \$71,807 interest expense on the bond issue; \$11,837 legal expense; \$102,290 engineering expense; \$15,704 deposit for a gas line; \$2800 paid to the government for rent of ground at the Army Depot; \$1063 for salaries; and \$386 miscellaneous expense.

Income for the sewage treatment plant fund totaled \$1,575,051, including the \$1,225,000 revenue bond issue, \$236,000 grants of federal tax funds, \$19,921 accrued interest on the bond issue and \$32,139 interest earned on bond funds that were invested by the city.

The council also was advised of the cost for telephone service at the treatment plant to be handled through the Army Depot switchboard. The costs were set by the Department of the Army and were referred to Moerlen's committee.

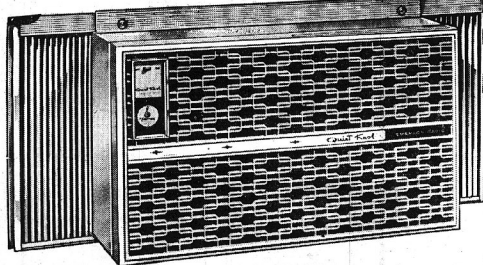

The monthly charge would be \$11.25, with added costs of \$1.50 for an extension and 50 cents for an extra loud bell. The installation costs would be \$9.50 for the telephone, \$2 for an extension and \$1.50 for an extra loud bell.

Bible School Visit At Central Christian

This evening at 7:30 o'clock Central Christian Church is inviting parents, members and friends to tour classrooms where the vacation Bible school has been in progress for two weeks and to view the new sanctuary which was dedicated last Sunday. No formal program has been planned.

The Vacation Church school, which will end Friday evening, has been under the direction of Mrs. Warren Collins with Mrs. Madge Hanson as co-director. Others working with them have been Mrs. Opal Hill and Mrs. Ethel Cain, teachers in the kindergarten department assisted by Kathy Kennedy and Leila Brokaw.

The first grade group was supervised by Miss Mary McCulloch, Mrs. Ruth Smith, Mrs. Jo Stephens and Mrs. June Aerne, teachers, assisted by Karen Lorton, while Mrs. Joyce Wilmore, Mrs. Marcella Barnes and Mrs. Margaret Schoenhardt, teachers in the second grade were assisted by Alma Casey.

Other teachers and helpers were Mrs. Jane Ragan and Mrs. Jane Fulse, third grade; Mrs. Lydia Leggett, Mrs. Enid Shelton, Mrs. Martha Coffey, and Shirley Brokaw, fourth grade; Mrs. James R. Craddock, Miss Helen Gilbert, Tom Sykes and Andy Berkbigler, juniors.

Mrs. Vanna Berkbigler and Mrs. Nadine Carr were in charge of the kitchen.

Murder Trial for GC Man Held in St. Louis

A murder trial is under way in St. Louis circuit court for James "Buddy" Chubb Jr., 26, of Granite City, and an associate, Theodore A. Dusen, 27, of near Benton, Mo., charged with the slaying of a prostitute in June 1964.

Chubb previously admitted assisting in the strangulation of Mrs. Patricia Ann Sutherland, then, 17, of St. Louis, and dumping the body in the Meramec river. He told the jury Tuesday that he tried to talk Dusen out of choking the girl.

The two alleged murder charges in St. Louis county in the death of Miss Carrie "Crickie" Phillips, 18, of Lemay, Mo., who was drowned in the Mississippi river a few days before Mrs. Sutherland was killed.

No Rides in Park July 4 Plans--But Lots of Fireworks

Fourth of July celebrations will climax with a fireworks display at Wilson Park beginning at 7 p.m. on July 4 in the outfield of Diamond No. 2. The seventh annual display at the park will see \$1000 worth of fireworks set off by a professional crew from Danville.

Other events in the park over the holiday weekend will be a street dance on 26th street at the park from 8-11 p.m. Saturday, July 2. The entire weekend will be highlighted by the 18th annual invitational softball tournament which begins Friday, July 1 in an 11-team double-elimination affair.

There will be no carnival rides this year at Wilson Park. Harold Brown explained that at the time when a carnival contract was to have been signed the district felt that the ice rink would be under construction.

\$1,057,570 in Federal Grants Ok'd for SIU-SW

(Special from Washington)

Federal funds amounting to \$1,057,570 were granted yesterday to Southern Illinois University-Southwestern Campus, Cong. Melvin Price, (D., East St. Louis), announced in Washington. Separate grants approved by the U. S. Office of Education, included \$916,667 toward construction of a \$2,750,000 physical education building at the local university; a \$19,915 grant under Public Law 89-329 of the 1965 Higher Education Act, which provides for acquisition of laboratory and other special equipment and related materials; and a \$5000 grant for purchase of library materials under the federal matching funds program.

Cong. Price also announced a \$15,908 training grant to SIU-SW Campus from the U. S. Welfare Administration's juvenile delinquency and youth division. The funds are allocated to develop training guides for inter-clergy groups working with delinquent and problem youth.

Grants of \$5000 each also were awarded for purchase of library materials to the SIU-SW Campus, Alton, and East St. Louis centers; McKendree College at Lebanon; and Parks Air College at East St. Louis.

\$37,353 Grant for Teacher Aide Program

The Good Old Days... Phooey!
The phrase "The Good Old Days" has been done to death but we at Tri-City Groc. Co. don't go along with the idea that they were so good. We feel the "Good Old Days" are right now as far as the grocery consumer is concerned. After all, we ought to know, we started our business in 1914.

In the early days, we used to slaughter all our own poultry. Have you ever tried to kill a turkey or chicken? Well it is not the most pleasant task. However, that was our problem, but this type of butchering also adversely affected our customers.

In many cases the poultry was bruised in the process and our customers had legitimate complaints on the looks of the fowl, the poultry became excited (who wouldn't, facing their executioner) and this caused their adrenalin flow to speed up, thus causing them to become tough and bitter. We received several complaints about our poultry during those days... and rightly so, but we couldn't control it. Now the chickens are automatically slaughtered by the growers without causing them and all handling from there is done automatically. They are refrigerated from the farm to the consumer. No longer do we receive many complaints on our meat, even in a while we have a dissatisfied customer, but they are the exception, not the rule.

We could write a book on the differences in our business between 1914 and 1966 and have greatly our customers have benefited, but we won't attempt to do so today.

When we hear the phrase "The Good Old Days," we look with a rather jaundiced and cynical stare at the person making the statement and think to ourselves "Wonder what they had in mind, it couldn't have to do with the grocery business."

Local Area Supporting C&NW-Rock Island Plan

(Last of a five-part weekly series) Many weighty issues are involved in the Interstate Commerce Commission study of proposed acquisition of the Rock Island Railroad by one of the other two competing railroads, the Chicago & North Western or the Union Pacific.

But while they are interested in what kinds of mergers will be reshaping the nation's railway service in the late 1960s, Quad-Cities' principal concern involves the question of whether North Western, which operates here, will be strengthened or weakened. They are convinced that North Western would become stronger if given permission to absorb the Rock Island, or weaker if Union Pacific wins out in the competition.

Three-Way Choice There is a third possibility, continuation of Rock Island operations at present. The Rock Island line has been described as on the verge of severe financial problems unless its revenue increases or unless it merges with a large and more profitable railroad. However, the ICC has the option of denying both merger plans, or approving North Western, or approving Union Pacific.

Specific advantages for the Quad-Cities are difficult to pinpoint in tangible form, but the North Western has said that merger economies would make it more capable of "sustaining existing marginal services, achieving improved utilization of the nation's car fleet and generating more adequate resources for the maintenance and replacement of plant and equipment."

In contrast, shorter hauls and lower traffic volume would impair income and service. Union Pacific says it would try to provide better service and lower freight charges and that it would build yards in the Madison-St. Clair counties area to connect its proposed system with eastern and southern-based railroads.

North Western already has yards at Madison and has trackage extending from the Quad-Cities north to Peoria and to numerous points in Illinois, Iowa, Michigan, Wisconsin, Minnesota, North Dakota, South Dakota, Nebraska and Wyoming. Possible employment effect locally or regionally of the major merger proposals has not been estimated by either railroad. The answers may not be known at this time, since several other related or competing mergers have been injected into the picture.

A "crystal ball" would be needed to determine at present the exact makeup and needs of the railroads that eventually will emerge from the ICC decision stemming from current hearings. The sessions have been in progress at Chicago for the past two months and may last well into next winter.

A spokesman for a major local manufacturing firm told the Press-Record that Union Pacific undoubtedly would construct new yards at some point in the bi-county area, since they would be needed in order to operate at all. Fear Chicago Would Gain However, detailed study of the routes that are involved has convinced local industries that Union Pacific almost unavoidably would favor Chicago over the St. Louis area if it acquired the Rock Island, he said.

Long-haul, single-line services and rates, he believes, would give Chicago-based companies a big advantage — not now enjoyed — over local manufacturers and

other local shippers doing business with midwestern, mountain and coastal areas. "The entire midwestern traffic haul pattern would be altered, and interchanges would be harmful to this area would be likely to develop," he said.

In addition, extending its existing lines eastward from Kansas City and Omaha, Union Pacific would be able to divert much railroad business for existing midwestern lines, it is contended. This could lead to a probable eventual weakening of rail service to southwestern states like Oklahoma — extremely important markets from the standpoint of Quad-City producers.

Marginal railroads that would no longer be getting business from U.P. interchanges say they would have to end unprofitable branch routes to stay in business. The stand formally taken by the Tri-Cities Chamber of Commerce relates that acquisition of the Rock Island "would enable the Union Pacific to extend its lines into St. Louis and through switch lines into the Tri-Cities, where it has never before operated."

Costly "Invasion" "This invasion would result in an annual diversion of hundreds of thousands of dollars of freight traffic, according to Union Pacific's own estimates, from railroads serving this area and with whom the Union Pacific presently interchanges freight."

"The diversion would result in severe financial losses to the affected lines, thereby conceivably forcing them to curtail service and causing economic hardship in the areas they serve."

"The North Western has before the Interstate Commerce Commission a proposal which contemplates no dismemberment (Union Pacific would re-sell part of the Rock Island to Southern Pacific). Both the North Western and Rock Island operate in much the same area and share a number of major terminal points. Such a merger would provide numerous opportunities for improved operations through the elimination of duplicate facilities without impairing needed transportation service."

Low Shipping Costs Vital "The Tri-Cities is a highly industrialized area with heavy industry, which is of necessity dependent on financially strong rail carriers in the assembly of major merger proposals. The materials and in the distribution of its finished products."

"Likewise, the weakening of present rail service serving the area would cause economic distress to the carriers' employees and the area overall."

"The Tri-Cities area would be benefited by the opening up of new markets and new sources of supply, the prospect of more attractive freight rates for local industries, better year-around branch line service and improvement of the economy of the area through more stable revenues to the railroads serving the area."

"The Tri-Cities Chamber of Commerce therefore goes on record as opposing the Union Pacific Rock Island merger as being contrary to the public interest, and strongly favors the proposed North Western-Rock Island merger, since it would merge both properties with no dismemberment and would serve the public interest."

Copies of the resolution were sent to senators and congressmen and to the ICC, which may hear witnesses from the Quad-Cities and other affected communities after completing the questioning of railroad officials.

\$115,000 State Grant For Regional Library
The newly-formed Lewis and Clark Regional Library System was presented an \$115,000 state grant by Delafayette Reid, deputy state librarian of Springfield, at a dinner meeting Monday evening.

Among 100 librarians, trustees and businessmen in attendance at Sunset Hill Holiday Inn were Mrs. A. H. Rode and Mrs. Henry Laurs of the Granite City library board and members Frank DeWitt, Thomas Maher and Mrs. Marion Gresham.

Headquartered temporarily in the old Wagner Building, at 665 Hale street, Edwardsville, made available by SIU-SW campus, the central library system will serve 27 libraries in the counties of Madison, Bond, Macoupin, Montgomery, Jersey, Greene and Calhoun.

The \$115,000 grant is based on an allotment of \$25,000 for the first county and \$15,000 for each additional county in the system. Combining state grants with other local funds, the system will provide 40 cents annually for each person in the area covered, plus a maximum of \$15 per square mile. Should any community wish a library in an adjacent county elect to join the centralized system, the organization will be given priority for an additional \$15,000.

Principal speaker was Mrs. Robert A. Polan, a New York state authority on the library system concept and the first

Trucker Fined \$204
Ronald H. Bath, St. Louis truck driver, was fined \$204 plus costs Tuesday in magistrates court on a charge of driving an overweight truck. He was arrested by state police.

Son, Mother Charged By Neighbors
Robert Kraus, 27, of 2617 1/2 Madison avenue, was charged with two counts of battery, and his mother, Mrs. Mildred Kraus, 53, of 1424 Madison avenue, was charged with one count Tuesday in complaints signed by Darrell and Kathy Tinsley.

The two Krauses said planned to plead not guilty in magistrate court today. They were released Tuesday on their own recognizance. The neighborhood dispute reportedly was over noise.

BRIDAL SHOWER HONORS

JUDITH ANN HARKEY
Miss Judith Ann Harkey, 109 Kinder lane, who will become the bride of Curtis S. Wofford at St. John United Church of Christ on July 2, was complimented with a bridal shower Monday evening at the home of Mrs. James Podner, 514 English place. The tables were decorated in pink and white and a decorated pink umbrella stood over the gift table. Games were played and prizes were awarded.

Refreshments were served to 20 guests.

The First Baptist Church of Mitchell, 608 English place, completed two weeks of vacation Bible school Sunday. Average attendance was 73, with an enrollment of 90. During the school there were eight professions of faith.

The last day of Bible school was climaxed with four being baptized, and with commencement exercises attended by a large crowd.

Keep Poisons Out of Children's Reach

Keep poisons out of sight and out of reach of young children. Statistics show that 95% of the poisonings involving children less than five years old occur while they are under the supervision of their parents or other responsible adults. These findings indicate the seriousness of the problem and the need for establishing home safety measures.

The under-the-kitchen-sink area is a hazardous spot in many homes. Household products, such as detergents, bleaches, scouring powders and furniture polishes, are some of the substances that children frequently swallow. They can be harmful—even deadly—should be stored out of the reach of children.

Get The Most From Your Income

Regardless of your income bracket, by making careful choices your family can get the most from the money it spends. In the University of Illinois circular, "Your Family and Economic Security," family economists Jeanne Hulstrom and Marilyn Dunning explain the choice-making process and its effect on a family's financial situation. In addition, the booklet

includes sample forms for keeping simple accounts.

The economists point out the importance of setting realistic goals and learning the effects of choices on economic security. They applied this process to a program to help a family get out of debt.

The steps in the choice-making process are deliberation, value judgment and choice. The first step, deliberation, is defined as searching for a way to act when you have too many choices. It is finding out, before you act, what alternatives you have.

At step two, value judgment, you decide that one alternative, or choice, is better than a competing alternative. Value judgments are the basis for choices. They are the part of the choice-making process that you don't see but that influences your final decision.

Making a choice is the final step in the process, and it is influenced by the tastes and values of the family—that is, by what the family considers to be important. You can get "Your Family and Economic Security," College of Agriculture Cooperative Extension Service Circular 886, from your county home adviser. Copies are free to Illinois residents.

Area Auto Mishaps Injure 5 Persons

Ronald Reed, six, of 123 Carver street, Eagle Park Acres, was treated at St. Elizabeth Hospital for a scratch on his head after he ran into the side of an auto driven by Booker T. Lattin, 124 Carver street, who was making a right turn at Carver and Harrison street at 12:30 p.m. Tuesday. The boy was released.

Four Glen Carbon youths were injured when an auto driven by Paul Giesmeyer, 29, hit a ditch in Meridian road near Glen Carbon, went out of control and struck a utility pole.

The injured youths were taken to St. Elizabeth Hospital where Giesmeyer was admitted with abrasions and contusions to the abdomen, both arms and left elbow. Eugene Harris, 18, was admitted following x-rays of the skull and chest. Ronald Buck, 24, was treated for abrasions to both knees and scalp and was released. Kendall Strub, 18, was treated for abrasions to his chin and was released.

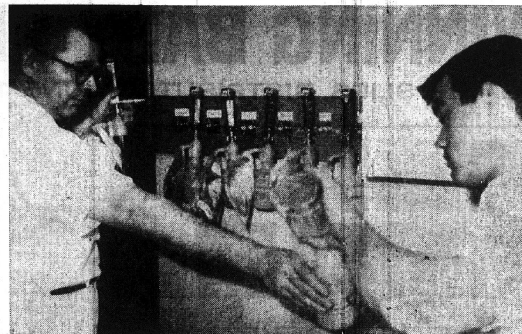

Madison Man Helped With Gemini Recovery

Electrician's Mate First Class Charles Riggs, USN, son of Mrs. Rachel Hines of Madison, stood by to help in the recovery of Gemini (GTA-9) astronauts and spacecraft with Task Force 140 in the Atlantic aboard the destroyer USS W. C. Lawe.

Special equipment had been installed on the Lawe to facilitate handling of the spacecraft during recovery operations. Her crew had undergone extensive training in spacecraft recovery techniques since her selection for this mission. Normally operating as a unit of the Atlantic Fleet's destroyer Force, Lawe returned to this duty following the Gemini mission.

Turns Into Drive, Hit

While making a left turn into driveway, an auto driven by Maureen L. Mathenia, 2305 Terminal avenue, collided with another driven by David E. Schwendeman, 2240 Lee avenue, at 6:30 p.m. Wednesday.

Eagle Park Trying 'Ready Rack' Speeds Oxygen For Light, Sewer And Fire Districts

Petitions will be circulated this weekend in Eagle Park Acres to seek signatures from residents who approve formation of street-lighting, sewer and fire districts in the unincorporated community it was announced today by Cleveland Johnson, president of the Eagle Park Civic Improvement Association.

Johnson said if sufficient signatures are obtained, the petitions will be submitted to the Madison county board of supervisors at their regular meeting Monday.

Among other things which prompted this weekend's petitioning action, Johnson said, was the association's move earlier this week that discontinued electric street-lighting service in the Eagle Park area. He disclaimed any political motivation behind the action which resulted in service being shut off for 16 street lights.

The association official said the citizen's group had decided to take drastic measures after repeated appeals had been made to individual householders to contribute to the \$4 annual street-lighting fee. He told the Press-Record that numerous meetings have been called by the association to

discuss a \$154 street-lighting bill, now several months arrears.

Arrangements with Illinois Power Co., which provides the street lighting system, were guaranteed by the improvement association, with Johnson, a B-State American Red Cross chapter supervisor, personally signing the obligation as head of the not-for-profit association.

Explains Cut-Off Johnson said, "Illinois Power has been very good to carry us this long time, and we don't want to run a good thing in the ground."

He said the discontinuance of street lighting service was initiated by the association and not the electric utility company. "We could just go on and on, until we are in debt too far, so the association officials decided to terminate the service temporarily until we can get this business straightened out."

When confronting the individuals with non-payment of the \$4 annual rate, Johnson said many Eagle Park residents complained that the street lights are not near their specific houses. He said an effort to provide additional street lights was completely unfruitful. The basic charge for the area is \$10 a month.

Carl Mathias, Illinois Power Co. service area manager, said today that several homeowners in the Eagle Park area have individual yard lights under the company's night-light program. The remainder of the street lights are tied up in the system previously guaranteed by the association. The utility company official said that so far no other group or individual had offered to assume the obligation.

Part of the present controversy arose after Johnson recently was defeated 93 to 87 as the incumbent committeeman for Venetia Precinct Three by Joe W. Roberts, 217 Hill street. Action by the association on the street lights was claimed by some as a result of the election. Johnson firmly denies the allegation, saying that he is continuing to work equally as hard for the formation of fire, sewer and street lighting districts, which he described as part of the long-term improvement program, sponsored by the association.

Plans for Playground Johnson also said that a park and playground area is nearing completion on a tract of land donated to the community by Granite City realtor, W. J. Steele. The association official said he had approached the real estate man several times, seeking to lease the land for a community park. Steele offered it to the community, with the only restriction that the property can not be re-sold.

Playground equipment and other accessories will be purchased by the association, Johnson said, adding, it is hoped the park will be ready for use by the Fourth of July weekend.

GC Airman in Thailand Airman Second Class Leroy D. Morris of Granite City is now on duty with the U. S. Air Force in Thailand. Morris, son of Mr. and Mrs. Leroy Morris of 2616 Lincoln avenue, serves as an air policeman with Air Force advisory personnel who support aerospace defense and training activities—closely coordinated with the Royal Thai Air Force.

Park Board

changing the original design and

Strategy at this stage, the board members pointed out, is to get firm estimates from the four bidders to determine how realistic the new construction estimate is. The board received a 60-day extension from all four bidders to determine how realistic the new construction estimate is.

The architects, however, introduced another alternative as they showed the board a tentative lay-out for a revision in the roof design of the high pagoda-styled building.

Already an estimated \$28,987 has been tentatively pared from the proposed cost of the original roof. The new roof figure being \$88,047. But the alternative roof design might be as low as \$43,000. Gabriel explained that the new roof design would entail new drawings and a recall of bids all around.

Staged construction is the alternative plan of relocating the rink building site. The engineering committee reported that discovery of an existing sewer line and other underground water mains and physical characteristics for the event is being studied.

The architects plan to meet with the board for approval of new measures in two weeks.

Raise Corporate Rate

In other matters at the meeting, the board approved an ordinance to raise the corporate tax rate from its present .85 cents to 10 cents per \$100 assessed valuation. Acting within its authority, the board brought about a net fund-raising increase of .0175.

For the new budget itself, formal approval will be made at a special session, probably next week. Individual items are still being considered as the board, here, too, has been faced with cost-cutting procedures.

The plaque dedication for the Ernest Sieveking Gardens in the park was set for July 17 at 2 p.m. Guest speaker announced for the event is to be Appellate Court Judge George Moran.

Stop Sign Charge Filed

Clayton B. Raymer, Alton, was arrested at 8:10 a.m. Tuesday on a stop sign charge at Franklin avenue and Ponton road. He was summoned for a hearing by July 8.

Anthill Burning

Sets Garage Ablaze

Two small boys didn't realize what they were getting into yesterday afternoon when they began pouring gasoline onto anthills and then lighting the earthen hives.

When they poured the liquid down a tunnel which they thought to be free of sparks, a fiery stream of the gasoline burst from the hill, setting fire to their three-gallon container and a nearby storage garage.

The boys, whose names were not listed on the report were not injured.

The garage, which had space of enough for two autos, is owned by Morris Roney, 3710 Roney drive. He said that the family cars were not inside the structure at the time of the fire. He estimated the loss at \$1500, including the loss of a 1950 Ford. Members of the Long Lake fire department extinguished the blaze about 3 p.m.

SOCIETY

Women's Group Installs Officers

Officers for the coming year were installed by the Women's Association of the Granite City Steel Co. at the final meeting of the season Tuesday evening in the company cafeteria.

The new staff, installed by Mrs. Muriel Fossick, includes Ruth Thornberry, president; Helen Bischoff, vice-president; Betty Schlemmer, recording secretary; Sara Emrich, corresponding secretary; and Wilma Tongue, treasurer.

Mrs. Fossick will serve as program chairman for the coming season, and Mildred Hess, Grace Eccardt and Millie Clements were named to an auditing committee.

Mrs. Olga Murray, the retiring president, welcomed the group. Reports were given by Sylvia Winters, Florence Schuler, Ruth Thornberry and Betty Busch, and entertainment was provided by Mrs. Mary Christian, who demonstrated flower arranging.

Prizes for the evening were won by Peggy Solberger and Marian Carlson. Serving the hostess committee were Mildred Hess, Joyce Kirby, Bonnie Caine and Geraldine Brooks.

PAST MATRONS CLUB ENDS SEASON

The Past Matrons Club of New Hope Chapter, Order of Eastern Star, ended the season with a meeting Tuesday evening in the home of Mrs. Charlotte Rapp on Terrace lane.

Those present were Mesdames Roberta Lester, Elfreda Barr, Bess Weiss, Lou Anderson, Louise Cook, Thelma Johnson, Mary Taylor, Amelia Jung, Dorothy Edwards, Mary Connole, Ida Schermer, Frances Cooke, Ann L. Mueller, Marie Hockstra, Lu Pyle, Miss Friede Michel and Miss Anna Wilcox.

Refreshments were served, and plans were made to resume meetings in September.

HOME ON LEAVE

Sp. 5 Frank Rodgers III, son of Mr. and Mrs. Frank Rodgers Jr., 2515 Lincoln avenue, who is at home on a four-day leave, was joined here Wednesday by his wife who arrived from Seoul, Korea, on an extended visit. The couple was married in February in Seoul where Sgt. Rodgers was stationed. At the expiration of his leave, he will go to Fort Carson, Colo., for training with the medical division.

ANCHORAGE CLUB ENDS SEASON

The Anchorage Senior Citizens Club held a social meeting Wednesday in the recreational hall. The June birthdays were celebrated by the 42 members present, and the group adjourned for the summer. Regular meetings will begin again Sept. 7.

Trouble Ahead
If time is money then the man without a moment to spare is on the brink of bankruptcy.

The party took place at the Henkey home where miniature sprinkling cans, wedding bells and lighted candles were used in the decorative schemes of the rooms and the buffet table from which refreshments were served.

Among those present were Mrs. Dale Dittelman of Spanish Lake, Mo., Mrs. Guy Macco of Fort Detrick, Md.; another of the bridesmaids, Miss Julie Elmes of St. Louis; Mrs. Jack Gill of Webster Groves, mother of the prospective bridegroom; Mrs. Wally Frohardt, the bride's mother; her grandmother, Mrs. James West sr., aunt, Mrs. Pearl Campbell, Mrs. John Bridick, Mrs. Joe Spillers, Mrs. Phillip Morris, Mrs. Marvin Barnes, Mrs. Ervin Doty, Miss Luann Barnes and the honoree.

Last week, Miss Frohardt was complimented at a party given by Miss Sandy Jobe of Brentwood, Mo., and another party is planned for this evening.

Miss Frohardt and Mr. Gill will be married at Niedringhaus Memorial Methodist Church.

ONES WILL OBSERVE GUEST NIGHT

Granite City Chapter 650, Order of Eastern Star, will observe guest night Friday at 8 o'clock when visiting worthy matrons and patrons will fill all stations.

Mrs. Ann Ogden, worthy matron of the Jacksonville chapter, and Charles Trout of the O'Fallon chapter will occupy the offices of worthy matron and patron. Mrs. Ailene Fox, Granite Chapter instructor, will be guest of honor. Mrs. Hazel Wood and Harold Davis are worthy matron and worthy patron of Granite Chapter.

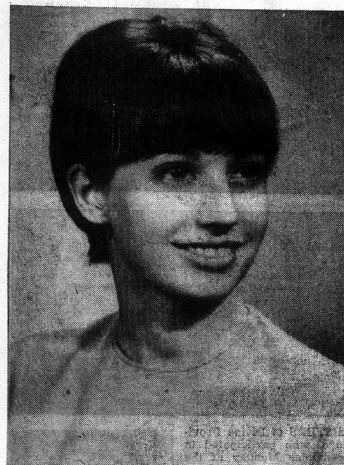

MRS. PULASKI HOSTESS TO PAST QUEENS CLUB

Mrs. Wilma Pulaski entertained the Past Queens club of Job's Daughters Monday evening in her home, 3241 Colgate place.

Prize winners in games were Mrs. Roselee Segedy, Mrs. Sadie Hogan and Mrs. Carmen Brick. The flower prize went to Mrs. Norma Robertson.

A dessert luncheon was served to the above and Mrs. Charles Rickert, Mrs. Betty Klaus and Mrs. Pansy Love.

The club will not meet in July but will resume its meetings on Aug. 15 in the home of Mrs. Robertson in Highland.

Illinois DeMolay Chief Pays Visit To Granite Chapter

The Granite City chapter, Order of DeMolay, was host to Harry J. Sterling, Belleville, state master counselor, who paid an official visit at a meeting Tuesday night.

Sterling also is past master counselor of Tancred chapter, Belleville, a Chevalier and a representative DeMolay. While on summer vacation from the University of Illinois, he is scheduled to visit most of the 85 chapters in the state.

He presented a report on a state convocation to be held on the Southern Illinois University campus, Carbondale, Aug. 18-21, with 800 expected to attend.

The program will include the crowning of the 1966 Illinois DeMolay Sweetheart, ritual and other, chaired the meeting which athletic contests and a grand ball. Sterling was accompanied

Overbeck in Hospital

Granite City Postmaster Theodore Overbeck was admitted Monday at St. Elizabeth Hospital where he is undergoing tests and a general physical check-up. It is the first trip to a hospital for the local post office official, who expects to be released this week.

By Howard Lougeay of Belleville, his DeMolay advisor and co-chairman of the 1966 convocation committee.

Also at the meeting was Stan Meister of Alton, Southern Illinois Association master counselor, who paid an official visit. He also is a Chevalier, a representative DeMolay and a past master counselor of the Alton chapter.

He commented on the jurisdictional meeting to be held at the Ascalon chapter, Collinsville, on July 10.

The Granite City chapter will have two contestants for the "Flower Talk" competition at the meeting in preparation for the state convocation.

Roger Mathews, master counselor, chaired the meeting which was adjourned for refreshments and a club room hour.

Five Local Nuns in Profession Ceremonies

Participants in profession ceremonies held Monday at the Mother House of the Sisters of Divine Providence in Normandy, Mo., included four local young women and another who formerly was employed at St. Elizabeth Hospital.

The Most Reverend George Gottwald, auxiliary bishop of the St. Louis Diocese, celebrated mass and presided at the ceremonies in which young women from the Springfield Diocese entered various stages of religious life. A number of relatives and friends from the Quad-Cities witnessed the rituals and attended a reception which followed.

Perpetual vows were made by Sister Mary Michelle Wittevrangel of St. Elizabeth's parish. She is the daughter of Mr. and Mrs. M. A. Wittevrangel, 1605 Garfield avenue.

Postulants who received their habit and name in the ceremonies, included Sister Mary Renee (Rosemary) Hughes of St. Mary's parish, Madison, a daughter of Mrs. Russell Hughes, 13 Garesche Homes, Madison, and Sister John Paul, the former Helen Watkins of Hannibal, Mo., who worked as an x-ray technician at the local hospital prior to entering the Sisterhood.

Renewing their pledges before making their perpetual vows were Sister Mary Peter Mehelic of St. Mary's parish, Madison, daughter of Mr. and Mrs. Louis Mehelic, 1807 Fourth street, Madison, and Sister Mary Martha Turk of St. Elizabeth parish, a daughter of Mr. and Mrs. Robert Turk, 2450 Pine street.

2 GC Boys Dispatch Snake With Iron Pipe

An 18 to 20-inch-long snake, presumably of non-poisonous variety, was dispatched with speed Tuesday morning by two boys who found the reptile while playing near their home at 2998 East 27th street. A neighbor of the boys identified the snake as a Blue Racer.

James, 12 years, and Brian, eight, sons of Mr. and Mrs. Charles Jolly, used a steel pipe to eliminate the snake which they spotted sliding through the grass near the sidewalk. No other snakes have been seen in the area, the boy said.

Charge is Filed After Reported Gun Incident

A charge of aggravated assault was filed Tuesday against Patrick Sweeney, 4517 Walter street, by the Madison county sheriff's office following a disturbance Monday night.

Bobby Wallace, 4513 Walter street, reported that Sweeney had fired a gun at him. Upon arriving at the Sweeney home, sheriff's deputies said that Sweeney denied firing a gun, but showed them a .38 caliber which had five shells in the chamber and bits of powder in the barrel.

A bullet was found in the Walter driveway. Deputies said Sweeney expressed ill feelings against Wallace. Sweeney, Wallace and two witnesses reported to the county jail, and Sweeney was released with a notice to appear at 10 o'clock Tuesday.

Auto Window Shot

Jack Malone, 4925 Maryville road, reported to the sheriff's office Tuesday that while he was driving about 100 yards north of his home the right rear window of this auto was shattered by a slug fired by a high-powered pellet rifle.

Alex Takacs Sr., 76, Dies at Belleville

Alex Takacs sr., 76, of Rural Route Four, Edwardsville, formerly of Granite City, died at 10:45 a.m. Tuesday at St. Elizabeth's Hospital, Belleville, where he had undergone surgery one week earlier. He had been ill and in the hospital two weeks.

A retired farmer, Mr. Takacs had lived in the Edwardsville area for the past 28 years. Prior to that time, he had resided in the local community for many years.

In 1913, he had married the former Julia Varge in Granite City, who preceded him in death last year. While living here, Mr. Takacs had been employed at Granite City Steel Co. He was born in Austria-Hungary.

Survivors include son, Alex Takacs Jr. of Edwardsville; and four grandchildren. Funeral services were conducted at 2 p.m. today, at Troy, Ill., with interment at Buck Road Cemetery, Edwardsville.

Junior Service Club Holds Dinner

The Granite City Junior Service club met Monday evening in the home of Mrs. Jean Ann Vreick, 1334 Cottage avenue, for a pot luck dinner. A business meeting followed under the direction of Mrs. Rena James, president.

Reports were given by officers, Mrs. Audrey Jarus, Mrs. Kathleen Golan and Mrs. Candy Kawa.

The president announced this was the last regular meeting until Sept. 19 at the civil defense building. The executive board will meet July 11 in the home of Mrs. Vreick.

Plans were made for the members to attend the St. Louis Opera July 8. The annual "tea market" was discussed and plans were made to hold it in October. Appointed to serve as chairman was Mrs. Audrey Jarus; co-chairman will be Mrs. Charlene Pohlman.

Mrs. Evelyn Morris was appointed as chairman of a home tour tentatively planned for September. Mrs. Golan announced she will hold a meeting for new probationary members at her home in Madison, July 18.

A home-made article was won by Mrs. James. Others attending were Mesdames Marilyn Bodani, Eva Burns, Sandra Dornowich, Bernice Fitzpatrick, Jo Ann Gaumer, Ruth Houser, Faye Kraus, Evelyn Morris, Charlene Pohlman, Kay Reel, Billie Schuler, Evelyn Todd and Gladys Wagner and Misses Jeanita Bell and Margie Grandonier, new probationary members.

Madison Girl to Attend
Seminar at Illinois State

Janice Piechocinski, 709 Washington avenue, Madison, is one of 42 outstanding high school juniors from throughout the state selected to participate in the 1966 summer seminars program Monday through July 15 at Illinois State University, Normal.

During the three-week session, the students will have an opportunity to experience college level work under the guidance of university faculty members. Miss Piechocinski will concentrate on literature, one of four main areas of study. The others are mathematics, physical science and American history.

In addition to academic and social activities, all seminar students will receive intensive counseling from university staff members. This will include achievement and aptitude tests, interviews by trained counselors and identification of interests and abilities. The Madison girl is a student at St. Teresa Academy, East St. Louis.

58-ers 4-H's Perform
In 'Share the Fun' Event

Members of the junior and senior 58-ers 4-H Club participated in the annual 4-H "Share the Fun" program at Highland recently.

A skit, "The Snow White Affair," written by Miss Linda Whitten, and presented by the senior girls was one of 11 receiving a A rating by the judges.

In the skit were Mary Jan Miller, Gail Forshee, Barbara Lerch, Rita Breidenbach, Nancy Forcade, Cathy Gundlich, Dorothy Squires, Christy Brave, Nancy Ehler and Dottie Lofink. The junior girls presented a five-minute act, "To Grandmother's House" and received a participation ribbon.

Taking part were Patty Bader, Linda McDonald, Cheryl Gertch, Sue Ann Knobloch, Mary Breidenbach, Nancy Hamilton, Cynthia Schiber, Janet Barchesky, Leslie Wright, Mary McCarty, Carol Roberts, Barbara Mihu, Debbie Linkman, Margaret Sturdivant, Debbie Bunch and Karen Fey. Objectives of the "Share the Fun" program are to provide members an opportunity to enjoy developing an act and entertaining others, to discover and develop talent and to make the 4-H program more attractive and self-satisfying. Any 4-H member is eligible to participate in just one act.

One act is selected each year for presentation at the Illinois State Fair. This year's winner was a Collinsville club which presented "Colonettes A-Go-Go."

Providing transportation for the girls were Mrs. Lee Boner, Mr. and Mrs. Frank Ehler, Mr. and Mrs. Everett Roberts, Mrs. James Sturdivant, Miss Whitten, Miss Kathy Brave and Mrs. Robert Brave, leader of the two clubs.

Dairy Products
Month Pushed by
58-ers 4-H Club

Members of the junior 58-ers 4-H Club are continuing their month-long activities to encourage area residents to use more dairy products.

They kicked off dairy month with a recent demonstration on cottage baked spaghetti, a main dish, at a meeting of the Trio unit of the Madison County Homemakers Extension Association.

Mary Theresa Breidenbach, who gave the demonstration, also distributed recipe folders for dairy dishes using dairy products.

As a continual reminder of dairy's benefits, members displayed large posters at dairy cases in supermarkets, corner grocery stores and restaurants. The posters, table tents, special napkins and recipe folders were provided by the American Dairy Association.

Each Friday evening and Saturday, members greet shoppers at dairy cases of grocery stores and at restaurant entrances with a glass of milk to remind them how delicious and nutritious milk is.

Recipe folders also are being distributed to shoppers. Plans are being made for the 58-ers and their parents to hear a talk on "Buying and Using Dairy Products" at their local achievement program on July 15. Various dairy products also will be served at the club's regular meeting on June 30.

Ms. Clara Schilling, chairman of the women's committee of the Madison County Farm Bureau, has assisted in organizing activities. Cynthia Schiber, club president, said restaurant and grocery managers have been cooperative, with some contributing "all the milk you can give away."

Mrs. Robert Brave, club leader, is being assisted by Mary Jan Miller, a junior leader.

Nobody has as much trouble as the fellow who is always standing up for his rights.

Summer Quarter
Now Open at
All SIU Campuses

SIU summer quarter opened at Southern Illinois University on Monday with a full schedule of classes and an expected increase over previous years in the number of new freshmen students.

Under SIU's graduated admissions policy, summer enrollment of new high school graduates is encouraged so that traditionally heavy fall registration may be spread more evenly throughout the year.

Southern began a year-around schedule of classes with a full-length summer quarter in 1963 in an effort to serve greater numbers of qualified students and at the same time let students accelerate their degree programs.

With the Southwestern campus now well established, almost all summer courses will be offered there this year. Some science courses will be taught at the East St. Louis center because of laboratory facilities available there, and faculty research will continue through the summer at the Alton center.

SIU summer quarter enrollment last year totaled 11,173, a 48% increase over the previous year in the number of freshmen students. Included were 3813 Southwestern campus students and 7360 at Carbondale. Under SIU admissions policy, summer quarter is the only time out-of-state students ranking in the lower 60% of their high school classes will be considered for admission. Illinois graduates in the lower third of their classes will be admitted only during the spring or summer unless scoring exceptionally well on university entrance examination.

Cheerleader Contest
Planned at State Fair

July 1 is the deadline for high school cheerleaders to enter the cheerleading contest sponsored by the Young America Fair at the 1966 Illinois State Fair Aug. 12 through 21.

Teams, limited to three members each, will compete for a first prize of \$1500 in scholarships, a rotating trophy and \$500 cash for the winning school's athletic fund. Second prize will be \$800 in scholarships.

Voting by the audience will account for 40% of the judging. Other points considered will be originality, volume, clarity, ability, precision, projected school spirit and appearance.

Rules and entry blanks may be obtained by writing "Young America Fair, Illinois State Fair, PO Box 576, Springfield. Contestants will receive free tickets to the fairgrounds and the Young America Fair.

Former N-D All-American To Aid JCs with Jamboree

Ziggle (Zygmunt) Czarobski, former Notre Dame All-American tackle, will attend a special meeting of the Granite City Jaycees, at 7:30 p.m. Wednesday, in the 300 Room of the Tri Mor Bowl.

The former college football star, who is employed by the Illinois Youth Commission, will assist the local Men's service group with plans for the Illinois Junior Sport's Jamboree to be held here Aug. 4, 5 and 6.

Czarobski, who played right end-tackle on three Notre Dame national championship teams in 1943, 1946 and 1947, was named to the All-American team in 1947. He also captained the East team in the 1948 Shrine's East-West games at San Francisco. His teammates went on to play professional football for three years with the Chicago Rockets of the American Football League.

Granite City Jaycees' Boyd Presley and Herbert Seibert are serving as co-chairmen for the junior sports program, now in its 11th year. The event annually attracts more than 600 top young athletes from 12 sectional contests conducted around the state.

Major F. E. McDermott Staff College Grad

Maj. Frank E. McDermott, 38, son of Mrs. Mabel E. McDermott, 114 Grenzner Homes, Madison, has been graduated from the Command and General Staff College at Fort Leavenworth, Kan.

During his ten months of study, he was among 691 U. S. and Allied officers who were prepared for duty as commanders and general staff officers in divisions or logistical commands. They received instruction in the function of the general staff at Corps and Army levels.

Major McDermott, who entered the Army in August 1946, went to the school from an assignment at Fort Knox, Ky. He attended Madison high school and the University of Alaska.

Mayors Invited to Attend Health Law Conference

Jack Clifford, zoning administrator for Madison county, has issued an invitation to all mayors to attend a meeting concerning new state health laws on July 7 at the Lewis and Clark restaurant, East Alton.

The mayors or their representatives will meet with the garbage, refuse and disposal and sanitation committee of Madison County to discuss these Department of Public Laws in relation to sanitary landfills.

Farmers' Loan Date Extends to June 30th

Lee Rogers, office manager of the Madison County Agricultural Stabilization and Conservation Service, Edwardsville, said today that farmers in Madison county now have more time to decide on the advisability of obtaining Price Support Loans.

Producers of the price supported commodities can secure a loan on eligible grain from the time of harvest through the end of the month prior to the loan maturity date. The final date for filing for a 1965 soybean or corn loan in 1966 is June 30, while the loan maturity date is July 31.

City Will Install Five Fire Hydrants

A resolution calling for East St. Louis & Interurban Water Co. to install five additional fire hydrants was authorized Monday night by Granite City council members, based on recommendations by Fire Chief Earl Fronberger.

The hydrants are to be located in the Dream Villa area at Wilcox and Emerald avenues, Zippel and Erin avenues, Erin and Newell drive, 3227 Erin avenue and 3228 Newell drive.

County Taxpayer Body Against Health Plan

The Madison County Taxpayers Association is opposing the proposed public health department for the county and says a referendum for a new tax levy "would be foolhardy."

Albert Wildhaber, president, said such a levy would produce \$400,000 per year and all the services of a county health department could be provided by the medical program. The same services could be provided by a visiting nurses organization, he added.

He urged members of the county board of supervisors to oppose the referendum.

14-INCH ALLIGATOR is measured by its captors, James and Melvin Taylor, 221 Bryan avenue. The reptile, the second one of its kind to be found here during the last two weeks, was captured on Monday at the Bend road area of Horseshoe Lake.

Second Alligator Found at Horseshoe

Something "fishy" is going on out near the Bend road area of Horseshoe Lake.

Only last week what was believed to be an alligator was found on the lake's north shore. Monday, this week, however, substantiated the terminology as another reptile, this one 14 inches long, was caught.

James and Melvin Taylor, 221 Bryan avenue, were fishing at the lake when their small brother, Richard, spotted the creature. They trapped it before it submerged into the water, where their grandfather had reportedly seen a three-foot gator over the weekend.

"If that big one's still out there, we're going to find it," the brothers said.

Appearances
Making both ends meet would be comparatively easy today if people didn't buy things their neighbors can't afford, either.

Summer Projects

Parents Can Eliminate Hazards to Youngsters

The time again has arrived for parents to take note of backyard and neighborhood hazards, as well as those at vacation sites, to assure their youngsters a safe, fun-filled summer instead of one that could end in tragedy, according to the Quad-City Safety Council.

The council pointed out that there are ten common hazards to be found in virtually every community, all of which can be removed to increase safety standards. All of them are responsible for many tragic child deaths each year.

The most common hazards, in order of their danger potentiality, include water-filled pits and ditches, along with unprotected

streets, which result in many summer drownings each year. Other causes of deaths among children are old iceboxes and refrigerators, steep cuts and banks, particularly sand banks, community junk heaps, junked autos and unused machinery, accessible electric wires and unsafe outside stairways and ladders left standing against buildings.

Others are abandoned sheds and buildings, unprotected chemicals and building materials, undersized construction projects. Getting rid of such community troublemakers should be the objective of every parent with young children, the Safety Council pointed out.

Former Local Resident, Dies

Fred McDonald, Dies
Funeral services were held Sunday at Iberia, Mo., for Fred McDonald, 66, of that community, a former local resident, who died last Thursday at his home. Among the survivors are his wife, Mrs. Minnie McDonald, and a brother, William McDonald of Granite City.

A retired farmer, Mr. McDonald had resided here for 22 years, moving to Iberia in 1948. Two sons, Warren and Charles McDonald, preceded him in death during world war II. He was a former vice-president of the board of directors of Gascoose Electric Coop, and a former school board member. While living here, he was employed at Granite City Steel Co.

Granite City Soldier Goes to Vietnam

Army S/Sgt. Thomas M. Nolte, whose wife, Monika, lives on Lot D, Trailer Court, Granite City, has been assigned to the 1st Infantry Division in Vietnam. Sgt. Nolte, 34, a medical aidman in Headquarters Troop of the division's 4th Cavalry, entered the Army in 1949. The sergeant was graduated from Miami (Fla.) Technical high school in 1948. His mother, Mrs. Ruth M. Nolte Mills, lives in Edwin Beach.

Seaman Dunlap Now In Great Lakes Hospital

Seaman Richard Dunlap, 19, son of Mr. and Mrs. Gerald Berger, 804 Bend road, is a patient at Great Lakes Naval Hospital. The Vietnam veteran suffered a nervous collapse at home and was in Scott Air Force Base Hospital several days before being transferred to Great Lakes.

Seaman Dunlap, who served aboard the Destroyer Escort USS Lowe, which was in several encounters off Vietnam, was in one battle for 13 hours. He had been hospitalized in the Philippines from April 21 to May 15 before arriving home June 10. He was hospitalized overseas after blood clots developed in both legs, possibly as a result of falls on shipboard. His mother said the youth will be in Great Lakes Naval Hospital for an indefinite period.

Seaman Dunlap enlisted in the Navy 22 months ago. He attended Madison School.

County Farmers May Be Eligible for Loans

Since January 1965, more than 22,000 rural families in the United States have enjoyed better incomes because they were eligible for an Economic Opportunity loan from the Farmers Home Administration.

Many of these families more than doubled their income the first year after receiving a loan. Loans are made up to \$250 and can be used by small farmers to improve their farm operation, or by farmers and other rural residents to set up a small business.

Harold F. Kiepe, county supervisor for the Farmers Home Administration with offices in Belleville, says there are a number of families in Madison county who may be eligible for these loans and they may contact him.

Warehouse Fire Caused By Combustion of Rags

A. Harold Mason, 1408 Newwood drive, told the Press-Record Monday afternoon that the three-story warehouse which he manages in St. Louis caught fire last Thursday evening as a result of an internal combustion of oily rags.

On June 4 a similar fire broke out, but no damage was done to the used store equipment inside. Arsonists were reported in the area of the fire, but no evidence was found, he reported.

Although the main bulk of merchandise contained in the warehouse's most recent flumeup was used equipment from area grocery stores, Mason said that he had many personal belongings inside valued at \$8000 to \$10,000. They were unscathed by the fire, but still remain in the condemned building, which is scheduled to be torn down this week.

Labor Council Endorses Rotary Club Horse Show

The Tri-City Central Trades and Labor Council has endorsed the annual horse show to be sponsored by the Granite City Rotary Club on Aug. 25, Edwin Reiske, council president, announced.

The council urged all union members to lend their support to the program. Funds from the horse show will be used to buy a \$6000 electronic brain testing machine for St. Elizabeth Hospital.

Two Injury Lawsuits Pending Against City

Three notices of intentions to file injury suits against the city were received Monday night by Granite City council members who referred the notices to City Atty. Allen.

Two of the notices involved one mishap which occurred last January in the 200 block of Madison avenue where Mrs. Mary Noeth, 49 Terrace lane, was hurt about noon as she was alighting from a car and fell over a tree stump between the sidewalk and curb. The notices of intent in the case were received from Mrs. Noeth and her husband, Fred Noeth. The third notice involved a sidewalk fall, also last January, in the 2500 block of Edwards street, where Mrs. Margie Jansen, 2512 Edwards street, was injured.

The council placed on file a \$30 auto repair bill received from Ralph Henry, 2736 Grand avenue, who stated in a letter that he felt the city was negligent in not barricading a dangerous street condition at Niedringhaus and Madison avenues, where his auto was damaged.

It was pointed out the city has a policy not to pay such claims. Referred to the city attorney and the engineering staff was a complaint from John Toth, 4022 Maryville road, that his car was damaged because the contractor for the street improvement had laid dirt on the sidewalk and the pedestrians walked over his lawn, City Atty. Allen said he would confer with Toth and the contractor, Calhoun Construction Co.

Two Youths Caught on Lot Arrested, Fined

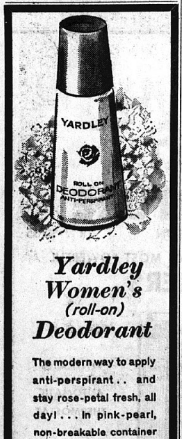

Two youths were charged with attempted theft, criminal trespass and curfew violation Monday afternoon after they were apprehended by a Granite City Steel Co. guard on the East 20th and Nash street parking lot at 2:45 a.m. the same day. They are Larry Sidwell, 17, of 313 East Chain of Rocks road, and William Owens, 17, of 494 Redwood lane. Sidwell pleaded guilty to the curfew and trespass charges and was fined \$30 in magistrate's court. He pleaded not guilty on the attempt charge. Owens was fined \$25 on the curfew charge. There was no plea on the trespass and attempt counts and bail was set at \$250 cash or \$4000 property pending a hearing.

Rutherford Heading Nameoki Twp. Demos

C. Arnold Rutherford was elected chairman of the Nameoki township Democratic organization at a meeting Monday night in the town hall. He is the committee man for Precinct No. 1. Others elected were Lester Kraft, Precinct 6 committee man, vice-chairman, and Roger Delmar, Precinct 3 committee man, secretary-treasurer. The committee men from the township's seven precincts were to meet this week to discuss the annual Madison County Democratic Central Committee meeting and election of officers to be held Monday night in the courthouse at Edwardsville.

Case History Points Need Of Brain Testing Device

The electroencephalograph machine, a brain-testing device costing about \$6000, is the goal this year of the Granite City Rotary Club's civic program, and one which will be aided by the annual Horse Show to be pre-arranged by the club on Aug. 28.

The machine is to be purchased for use by St. Elizabeth Hospital in cases that heretofore have had to be sent to St. Louis hospitals for such treatment. The value of such a device is shown in the case history of a recent patient at St. Elizabeth Hospital—a Quad-City businessman who apparently was in good health, but who began, day by day, feeling more and more tired and run down. He developed headaches, more predominantly on the right side—something he never had before. He became irritable.

Mr. X finally went to the doctor when he noticed his left arm was weak and did not have its previous strength. Diagnostic work brought out the revelation by Mr. X that he had bumped his head six months earlier while working in the basement of his home. He had forgotten the incident until asked about it specifically.

X-rays were taken and a lumbar puncture made—both negative. A neurological examination had results that were not abnormal except the weakened left arm.

It was then the use of an electroencephalograph was decided upon. The EEG did reveal a focal, lesion over the right hemisphere in the frontal region. On

this basis a craniotomy was done, revealing a lesion in the right temporal, frontal area of considerable size. Due to its location, on angiography and on the EEG, it was felt this was probably a subdural hematoma of a chronic nature.

Underwent Surgery
The patient underwent surgery and craniotomy was performed, revealing a large subdural. The patient recovered quickly with restoration of all his former faculties.

Without the evidence of the EEG obtained with the electroencephalograph and the subsequent angiography, it is possible the diagnosis would have been put off until irreparable damage was done.

The machine permits detection of convulsive disorders, brain injuries, brain infections, degenerative brain diseases and vascular brain diseases.

Support of the community is being sought in raising the needed \$8000 through attendance at the Horse Show which will be staged at the Tri-City Speedway near Mitchell.

Edward Meng, who is in charge of publicizing the club's fund-raising program, pointed out that in the Quad-City area, with its many thousands of industrial workers and children, no one knows when a head injury can occur.

With the machine, he noted, brain injury can be determined immediately after an accident and the proper treatment administered, possibly preventing serious trouble.

TESTING MACHINE being demonstrated. The electroencephalograph machine, which the Granite City Rotary Club plans to donate to St. Elizabeth Hospital, will be a valuable asset to the community, it is being noted by the local medical and hospital staffs.

Separate Telephone For Supt. of Streets

A private telephone line for the office of superintendent of streets was approved Monday night by Granite City council members, with the number to be listed in the telephone directory for the convenience of the public.

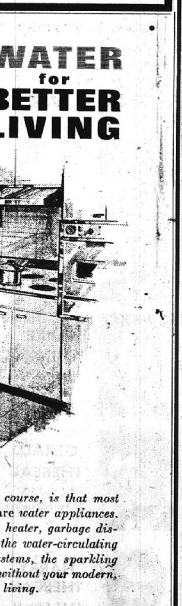

The recommendation was made by Alderman Johnson, who said that Granite Cityans are unable to telephone the street department office direct, and that a separate line would solve problems during storms or emergencies when the street department is on duty and the city hall switchboard is closed.

The switchboard is in operation during regular hours at the city Venice. The sign was repaired, and only slight damage was done to the fender of the auto and no charges were filed.

WATER for BETTER LIVING

Which one is the water appliance? The answer, of course, is that most labor-saving conveniences in and around your home are water appliances. For example: The steam iron, dishwasher, hot water heater, garbage disposer, clothes washer, lawn sprinkler, kitchen sink, the water-circulating air conditioner, the hot water and steam heating systems, the sparkling fixtures of the bathroom. None of these would be useful without your modern, reliable water system. Water takes the drudgery out of living.

Thirteen of the cases were cleared, compared to 20 last year. The total offenses were three less than in April when nine were cleared.

The types of offenses and the amount cleared were:
One rape, one cleared; one

robbery, one cleared; one aggravated assault, one cleared; 15 burglaries, three cleared; 16 larcenies over \$50, three cleared; 52 larcenies under \$50, one cleared; and 10 stolen autos, three cleared.

The detective bureau conducted 125 investigations and interviewed 361 persons.

There were 146 auto accidents, 29 more than in May of last year, and 13 more than in April. None was fatal. They included 45 personal injury accidents in which 61 persons were injured, and 101 property damage accidents.

Faces Two Charges

Leroy Wise, 50, of 721 Brown street, Venice, was released to the sheriff's office Monday after being charged with indecent exposure and resisting of arrest. He was found climbing a bank onto the Terminal Railroad properties in Venice.

Flasher Light

Sought At Rte. 111, Sand Prairie Lane

The Nameoki town board heard a request Monday evening for installation of a blinking caution traffic signal at Highway 111 and Sand Prairie lane and stop signs on Park lane in the Ponton Brook area, location of a newly constructed Little League baseball diamond.

Frank Melchic, a resident of the Horseshoe Lake area, asked township officials' permission to circulate a petition among other residents in the vicinity of Highway 111 and Sand Prairie lane, seeking installation of the electric flasher signal. He said the intersection has been the scene of numerous auto crashes, including two last weekend, which resulted in injuries to nine persons.

Also, several traffic deaths have occurred there in recent years, Melchic reported. He said many motorists approaching Highway 111 on Sand Prairie "overshoot" the stop sign, ending up in property on the opposite side of Highway 111.

A curved section of roadway, immediately before reaching the highway, adds to the hazards at the intersection, Melchic explained. He agreed to circulate a petition among area residents which will be forwarded by township officials to Illinois state police authorities.

Charles Hanks, township highway commissioner, agreed to install stop signs at Park and Breckenridge lanes and at Park and Lake drive. The action was taken after a person in the audience described the increased number of youngsters and vehicles traveling in the area due to construction of the new baseball diamond.

10 Mph Speed Limit is Proposed for GC Alleys

A 10-mile-an-hour speed limit in alleys of Granite City was proposed during Monday night's meeting of the council, and an ordinance is to be prepared for adoption.

The present speed limit in alleys is 15 mph, but few are posted. Police Chief Willard, who was asked to enforce the

request for the 10 mph limit was made by Seventh Ward Alderman Robertson, who said he has been besieged with complaints of speeding in alleys. "It's unusual, but it's true," he added.

A proposal was presented by Eighth Ward Alderman Johnson for the speed limit of 25 mph to be set for Lindell, Garfield, Cottage and Clark avenues between N. and Terrace lane from Johnson to Ponton road. The present limit is 30 mph.

In view of the complaints that the side streets were becoming speedways and heavily traveled because of construction along N. and Terrace lane, Johnson called upon the police department for operation of the radar units in the area.

Requested by First Ward Alderman Dallas are a 25 mph speed limit and five-ton load limit on Cambridge avenue, which is being improved under a joint municipal fuel tax project between Edwardsville road and 14th street.

An ordinance establishing bus stops throughout Granite City was approved with one amendment, which was presented by Alderman Bartosik for the stops on Madison avenue at 23rd street.

He called for relocation of the stop on the east side of Madison avenue from the north to the south corner because of the fire truck exit. On the west side he called for the zone to be on the north corner rather than the south.

By State Transit is to be responsible for posting the zones. An ordinance was adopted setting a two-hour parking zone on the east side of the 2200 block of Illinois avenue.

GC Housing Board Pays \$22,683 To Taxing Agencies

Payment of \$22,683 in lieu of taxes was recorded Monday at the Granite City collector's office from the Granite City Housing Authority which operates Kirkpatrick Homes.

The payment, which is to be prorated to the local taxing agencies was received by the city council. It was noted the city gets 15.1% of the total, or about \$3,500; while the school district is to get 61.08%, or about \$13,900.

Other amounts for taxing agencies are—levee district, 11.25%; township, 3.42%; \$776, and park district, 2.29%, \$508.

The payment is based on the amount of rent collected at the low-income housing project.

SOCIETY

MR. AND MRS. JAMES D. GUILLACCI of St. Louis, Mo., whose recent wedding took place at the Second Baptist Church, Granite City. The bride, the former Peggy Lucille Daniel, is a daughter of Mr. and Mrs. Leroy Daniel of New Douglas, Ill. The bridegroom's parents, Mr. and Mrs. James Guiliacchi, reside at Stenton.

ENGAGED, Miss Phyllis Ann Clutts of South Roxana, Mo., whose betrothal to Jack C. Brown Jr. of Venice, is announced by her parents, Mr. and Mrs. Eugene Clutts. Wedding plans are indefinite.

MISS SHARON SUE DU VALL, whose parents, Mr. and Mrs. Walter DuVall of Glen Carbon, are announcing her engagement to Larry Clutts, a son of Mr. and Mrs. Eugene Clutts of South Roxana, formerly of Granite City.

Family Announces Two Engagements

MISS SHARON FRANCES ANGEL, whose betrothal to Ernest L. Stapleton, a son of Mr. and Mrs. Leotis Stapleton Jr., 1744 Venice avenue has been announced by her parents, Mr. and Mrs. Francis L. Angel, 419 Short street, Jerseyville.

Also announced is the engagement of Miss Sharon Sue DuVall, a daughter of Mr. and Mrs. Walter DuVall of Glen Carbon, and the Clutts' son, Larry. Miss DuVall is a 1964 graduate of Edwardsville high school. The prospective bridegroom attended Roxana high school and is employed at Standard Pipe Co., Alton.

Wedding plans have not yet been made.

July Wedding Is Planned

July 3rd is the date set for the wedding of Miss Sharon Frances Angel, a daughter of Mr. and Mrs. Francis L. Angel of Jerseyville, and Ernest Lee Stapleton, whose parents are Mr. and Mrs. Leotis Stapleton Jr., of 1744 Venice avenue.

The engagement of the couple was announced by the bride-elect's parents. Miss Angel, a 1966 graduate of the Jerseyville Community high school, is employed in Alton. Mr. Stapleton is employed in St. Louis.

The wedding will be held at the First Baptist Church in Jerseyville, to be followed by a reception at the home of the bride.

MEMORIAL SERVICE conducted by a team from Granite City Eagles Auxiliary 1176 during a state convention at Collinsville, Mo. On the team are Mrs. Janet Hagnauer, Mrs. Sylvia Roy, Mrs. Helen Frasier, Mrs. Florence Hagnauer, Mrs. Leona DeLaloy, Mrs. Florida Batson, Mrs. Angie Buehler, Mrs. Delores Klesh, Mrs. Kathryn Clark, Mrs. Norma Hemken, Mrs. Margie Hall, Mrs. Ann Konopka and Mrs. Helen Lipchik.

PETERSON-COTTRELL ENGAGEMENT ANNOUNCED

Lloyd Peterson, and Mrs. Peterson of Poag road, Edwardsville, are announcing the engagement of his daughter, Miss Cynthia Peterson, to Roger Cottrell, a son of Mr. and Mrs. Rex Cottrell, Route One, Edwardsville.

A 1966 graduate of the Edwardsville high school, and a school of beauty culture, the bride-to-be is employed in East Alton. Her fiancé, also a graduate of the Edwardsville schools, is employed by the Owens-Illinois Machine Factory in Godfrey. The wedding of the couple will take place July 16.

CRADLE SHOWER HONORS MRS. BECKER

Mrs. Reiner (Julianne) Becker, 1016 Greenwood avenue, Madison, Mo., was honored this week at a cradle shower given by Mrs. Katy Strain and Mrs. Charlotte Kravac at the Strain home, 2649 Grand avenue.

The guests present were Mrs. Marie Kravac, mother of the honoree, Mesdames Dorothy Lesko, Rosalie Boyd, Susie Kniffen, Olga Varian, Mary Toth, Anna Janek, Barbara Timko, Betty James and Misses Diane Vertan, Gloria Jamies, Rose Yobby and Joan Blankenship.

Refreshments were served and there were games.

The Grind

Today an ordinary man has to do a lot of high-powered thinking just to make a living.

BETROTHED, Miss Cynthia (Cindy) Peterson, whose engagement to Roger Cottrell of Route 1, Edwardsville is announced by her father, Lloyd Peterson, and Mrs. Peterson of Poag road, Edwardsville.

Hand in Hand

It may be true that time is money, but successful men find they have to spend the one to make the other.

NEW FREEZER WAREHOUSE SPACE being constructed for increased tonnage of frozen foods at Tri-City Grocery Co., 1600 State street.

Tri-City to Double Freezer Capacity
S. E. Pershall Jr., president of Tri-City Grocery Co., said this week that because of increased tonnage and new items in the market of frozen foods, a new 400 square foot freezer will be built onto the existing warehouse at 1600 State street.

This will increase the freezer space of the company from 3000 square feet to 7000 square feet. The freezers at Tri-City's warehouse will then be able to hold 650,000 pounds of frozen foods, equivalent to that held by railroad cars.

The sheriff said he wrote letters to Secretary of State Paul Powell and Gov. Kerr to obtain assurance that no commitment would lose their state jobs and that the party's county election will be conducted in a democratic manner.

In the letters the sheriff, long at odds with the Venice township machine which controls the party, said that "Simmons and his assistant, Chist Costof, are making every effort to force his re-election as county chairman, including threatening committee members who happen to be state employees with the loss of their state jobs."

Fraudtford said, "the results of the recent primary election make it clear that the Democratic party in Madison county is making a housecleaning and particularly a new county chairman. 'What is wrong with the party is that it has not been democratic and the voters don't like it. They have shown their lack of confidence in the party organization which has been dominated by a handful of people in Venice township, most of whom are not even committeemen.'"

Fraudtford, who was selected as a candidate and received the support of the Venice township machine four years ago, said that the primary election demonstrated that most precinct committeemen are dissatisfied with Simmons and his method of state-making.

"Not only was two-thirds of his slate defeated, but also several committeemen who supported the slate were defeated," he wrote to the state officials. Both the Democratic and Republican county conventions are to be held at 8 p.m. Monday in the courthouse at Edwardsville where party leaders will be elected.

Rotarians Hear Outline Of County EOC Programs

"War on Poverty" programs, for new Rotary officers is scheduled to start at 6 p.m. Saturday county were described for Granite City Rotarians at their luncheon meeting Tuesday noon.

The guest speaker was David Walker, former YMCA youth director, who now serves as assistant director of the Madison County Economic Opportunity Commission, the county's official EOC agency.

Plans were discussed for the club's installation dinner party to be held Saturday and for the "Rotary Horse Show" Aug. 28, at Tri-City Speedway. About 40 attended the meeting, held in the YMCA.

Walker, who is responsible for EOC programs in the Quad Cities and Collinsville areas, related programs which made no various projects sponsored through the economic opportunity commission.

He discussed last year's successful "Project Head Start" pre-kindergarten classes, recently initiated for the second summer in 12 Madison county school districts, including Granite City Venice and Madison.

The assistant director explained that a summer Neighborhood Youth Corps area is being organized with the cooperation of several non-profit organizations and governmental agencies. Plans to extend the summer program, which provides hourly employment for Madison county youth between 16 and 21 years, are under study.

Initial primary function of the EOC group, Walker said, is completion of a program development survey encompassing the entire county to determine which areas are in need of the greatest amount of assistance and the types of programs required to alleviate poverty conditions.

Future programs being reviewed include on-the-job apprenticeship training, child development centers, civil legal aid services, small business centers, out-patient clinics and community facilities, the director said. An installation dinner party

Cooks and Waitresses Receive Pay Boosts

Mrs. Helen Peters, business representative for Cooks and Waitresses Local 461, said yesterday that new wage scales were approved in a two-year contract at a special meeting for union members.

Retrospective to June 1, when contracts expired, cooks will receive a 10½-cent hourly increase for the first year and another 6 cent increase for the second year. The cooks rate was \$1.43½ per hour.

Waitresses and all other employees (kitchen help, carhops) will receive an 8-cent increase during the first year, a 7-cent increase for the second. Waitresses were formerly paid \$1.10 per hour, while the other employees earned 95 cents.

Special improvement projects planned for inclusion in the 1966-67 budget totaled \$284,500 when Granite City council members ended Monday night's 3½-hour session, recessing it to 7 o'clock last night for another budget review.

Many of the projects, it was noted, are for arterial streets which could be financed with motor fuel tax funds—but the city's MFT is depleted, and it is likely the project will be carried out with sales tax reserves.

The sales tax balance on May 31 was \$273,061. In the 1965-66 fiscal year, \$183,281 sales tax funds were needed for general purposes. Mayor Partney indicated Monday night he would not permit the council to wipe out the sales tax reserve, which is used each year to keep general operating

funds out of the red. He told council members he would exercise his veto power.

However, council members—well aware of next year's city election—continued to add projects to the special improvement list, pointing out, "if it isn't listed in the budget, it can't be done."

Last year, the special improvement projects amounted to \$48,281. A rundown of the proposed special improvement projects approved for the budget follows:

Storm water drainage—Lynch avenue, \$400; Clark avenue, \$16,000; Idaho and Troy avenues, \$9600; Pontoon road at Johnson road, \$2500; Primrose avenue north of Pontoon road, \$5500; Palmer avenue, 700 feet, \$5000.

Concrete street resurfacing—Lascauri avenue, \$15,250; Niedringhaus' avenue from Poplar to Walnut, \$11,580; Spruce street, St. Louis to Chicago street, \$9125; Maple street, Niedringhaus to West 20th, \$8500; 20th street from Madison to Grand avenue, \$1900; Iowa from 20th to 24th street, \$21,400; State street, 24th to 26th, \$9195; Washington avenue, 20th to 21st, \$4450; St. Clair avenue, Jill to Willow avenue, resurface and curbs, \$16,000; Washington avenue, 27th street to Nameki road, \$17,150.

New sidewalk construction—North Granite area, \$65,000; East 25th street, Nameki road to Anchorage, \$10,000 (also curbs); Edgewood drive, west side (Polar to Willow, \$900 and west side Devon to Johnson road, \$2000); Leonard avenue, north side (Annet to Wayne avenue, \$1700; Oregon avenue, St. Paul

to Feihing road, \$2600; Victory drive, south side, Marshall to Garden lane, \$2200; 26th street, south side, Adams to Center, \$700; 17th street, north side, Cleveland to Delmar, \$610; Johnson road, east side, Clark to Edgewood, \$1780; Rhodes street, 1200, 1300 and 1400 blocks, \$4470; 25th street, north side, Adams to Center, \$610; West 22nd street, north side, Rock road to Ohio, \$1125; West 25th street, south side, Ohio to Bryan, \$570; West 21st street, south side, Ohio to Bryan, \$575.

Curb and gutter projects—West 22nd street, Illinois ave.

due to alley, \$1000; 23rd street, Adams to Benton, \$2400; 17th 3300 feet of fencing along Federal street, Cleveland to State, \$7150; Aid Routh 151, \$15,000; and 21st street, south side, Illinois to taining right-of-way options for Missouri, \$700; Civic Park, \$1800 a new street east of the railroad (completed); St. Clair avenue tracks between 22nd street and median, east end, \$600. State Capitol NEWS

New Camping Rates

The Illinois Department of Conservation has announced new rates for camping in areas over which the department has jurisdiction.

The fee will be one dollar per day per site at primitive campsites. At modern sites, where showers are provided, the fee will be \$1.50 per day per site. Parks with modern campsites are Pere Marquette, Illinois Beach, New Salem and Black Hawk.

There will be no increase in charges at group camps where kitchen facilities are provided. At these areas a fee of 50 cents per person per day will remain in effect. The fee for electricity will not be charged.

Radiation Counter

Persons suspected of having absorbed heavy doses of radioactive materials may have the amount measured by the animal science whole body counter at the University of Illinois, Champaign.

Illasco (Illinois Animal Science Counter) is an instrument that measures gamma radiation. It has the capacity to measure radiation in samples as large as a full-grown cow.

The Department of Animal Science in the College of Agriculture and the College of Veterinary Medicine at the university use the counter in research programs primarily to measure the amount of lean meat in a live animal.

State Fair News

Advance publicity coming from the Illinois State Fair tells of the Illinois Gladiolus and Society Show and the Dahlia Show, the former scheduled for Aug. 13 and 14 and the latter for Aug. 20 and 21. Each show will have \$1,250 to divide for prizes in the various competitive classes.

Green Berets at Fair

A detachment of Special Force Soldiers—the Order of the Green Beret—will make appearances at the 1966 Illinois State Fair.

The group will include Sgt. Barry Sadler, composer of the now famous song, "The Ballad of the Green Beret," and a member of the team. The unit is from the John F. Kennedy Center for Special Warfare at Fort Bragg, N. C.

Each detachment is composed of groups of specialists. Two men are schooled in communications, two in operations and intelligence, two in demolitions, two in weapons and two are medics.

Bank

HERE IS HOW YOU START

Open a savings account at the American National Bank with \$25 or more, or add \$25 more to your present savings account, and you receive a 5-piece setting of famous Original Rogers Silverplate in lovely Radiant Lady Pattern, or Stainless Steel in Tradewinds pattern—absolutely FREE!
With each additional deposit of \$25 or more, you may obtain another place setting for only \$2.25—a regular \$5.50 value. Make deposits as often as you wish; get as many settings as you like; there is no limit.
While you are building a handsome silver or stainless service, you are building family security, too. Begin now, and soon you'll have your silverplate or stainless service complete — and a substantial savings account.

(Limit — One Free Place Setting Per Family)
